every letter written from either flatte has an moment the detormisation of buadreads of Democrate to support Scutt, while conceding freely the superior chances of the Lucofoxon at the local elections. Take, for instance, the single fact that in Hellem township, York county, Penn sylvania, ione hundred and twenty-three Democrate assembled recently, and raised a Scott and Graham polt. They proclaimed themselves us wavering in their Democracy, declined all concurrence or co-operation with the White, and stated openly, that though they would rote for Scott, they did not intend to remounce their party alleguance. It is more than likely that every one of these hundred and twenty three Scott Democrate voted for Horstras, Woom ward, and the rest of the Democratic ticks ton Tracslay last. What is true of then, is doubt less equally true in its application to all those members of the Democratic party in Pennsylvanian and those windows we are very greatly deceived. The Great Mathering at Greins. THE RIGHT BANK UP AND MOVING! Five Thousand Pursons on the Ground! Five Thousand Funces on the Ground!

An immones political outpouring of the Scott class took place on Staterday evening at Greton. There were at least five thousand people on the ground, the Scott Enagers and other Clubs from the city having come up in large number's to swell the ensembled makintade. The presence of several bandrode of they fair sex contributed in a powerful degree to increase the enthusiasm of the galliant Whigs.

Judge Dream called the meeting to order by the anonintment of the failowing officers:

President, C. P. BOBB, of Greton. Carl Kerner, Senr. John S. David, John M. Bielman, F. V. Labarre, Capt. Worley, Wm. Gilmore, C. Guodrich, Michel St. Amant, S. Bennett, Jaha Londan, Philip Peter, B. Tolosdam, J. H. Harvey, F. Fayende, O. St. Amant, Capt. A. B. Sener, Mjor Thus. Beese, Win. Sarrasin, C. Wilson, D. S. Harris, D. L. De-Sarrasin, C. Wilson, D. S. Harris, D. L. Secretaries,
L. Sere, J. E. Livaudais.
The President made a brief address, toaching upon the great importance of the Presidential election and arging the friends of Scorr and Granax to push forward in solid phalanx and and sweep every vestige of locofocoism from the soil of Louisians.

soil of Louisiana.

The meeting was thereupon addressed by Moners. Whise of Jefferson City, E. J. Carrell, Chas. Dreavy, and Col. Abbott. The speeches of these gontemes were most effective, and we only repret that our limited space prevents us from motieing them in detail.

The Glee Club under the lead of Capt. Ricardo treated the sudience to some capital sough. Altogether the demonstration was most esthusiastic, and shows conclusively that the Soott ball is rolling an to victory.

In the midst of the turmoil and confusion that prevail throughout the country, the partizans of Santa Anna are beginning to take heart. We see that at the pronunciamento at Guadalajara the following resolution was adopted:

"The nation invites General Antono Lope x de Santa Anna to return to the Republic, that he may concerned in sursaining the federal systems and re establish order and peace."

Unless the Democrata turn out in full force on the day of election, and unless they age every effort to keep up the weaker brethren to the stricking point, we should not yet be surrourself to have to chronicle the success of Gen. Scott and the failure of Pierre. To the Democrata, then, we would say: Toe the mark, gentlemen, and stand up to the rack, folder or no folder. We have not so much folder, perhaps, as you think.
