THE INDIAN'S PANACEA, for the cure of scrofula, king's evil; inveterate cancers, syphilitic and mercurial diseases, particularly vibices and, painful affections of the bones, ulcerated throat and nostrils; ulcers of every description; rheumatism; sciatica or hip gout, fever sores or internal abscesses; fistulæ; scald head; scurvy; bilious, chronic sore eyes; erysipelas; cutaneous diseases; chronic catarrh and headache, from particular causes; pain in the stomach and dyspepsia, proceeding from visitation; affections of the liver; inflammation of the kidneys; and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious in renovating those constitutions which have been broken down by injudicious treatment or juvenile irregularities. In general cases, it is recommended in all those diseases which arise from impurities of the blood or vitiation of the humors of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the aborigines of this country, and it is a selection from the most approved and successful medicines which they use. It is offered to the public by the proprietor with the consciousness that he is placing within their reach a remedy capable of relieving many of *his* afflicted fellow beings who are suffering under various chronic and obstinate complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relief and of restorings, and restoring them once more to health and happiness. This is not offered as a common remedy that may purchance be used in many and various cases in use, but one which is capable of saving life in many dangerous cases, when all the usual remedies fail. This it has done repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many ambiguous diseases not here specified, and it has been used with wonderful success as a spring and fall purifier by those who are subject to variable weather, and in the autumn season requires invigorating. Whenever a diet drink is necessary, this panacea, taken in usual doses, will answer all its purposes in much less time, at less expense, and in a far more agreeable manner than the common decoctions.

The following certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian's Panacea in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over other similar preparations:

Case of Ulcerated Throat, Nostrils, &c.—Charleston, Jan. 20, 1838.—This may certify that I was afflicted with a scrofulous disease for several years, during which time I employed several eminent physicians, both in Philadelphia and Charleston, and also took several bottles of Swaim's Panacea, but all without permanence. During the last winter I was taken with an ulcerated throat, which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, associated and thought that death was the only desirable starvation—when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost immediate relief, recovering so rapidly that in four weeks I found myself quite well, as I have remained ever since.
