## The Executive Council.

---

**WILLIAM LARRABEE, Governor.**

**FRANK D. JACKSON, Secretary of State.**

**J. A. LYONS, Auditor of State.**

**VOLTAIRE P. TWOMBLY, Treasurer of State.**

The Governor, Auditor, Secretary and Treasurer of State, or any three of them, constitute the Executive Council.

The Executive Council, (originally called the Census Board), have in charge under provisions of the Code, the preparation and direction of all matters relative to taking the census of the State.

They have charge, care and custody of all property of the State, (where no other provision is made), and provide for the several officers entitled to receive the same, the necessary books, postage, furniture, fuel, etc., to enable such officers to promptly and efficiently perform the duties of their several departments; the accounts for all expenditures for above purpose, including repairs of State property, as well as other necessary and lawful expenses not otherwise provided for, can only be audited and paid, upon the certificate of such Council.

On the first Monday in March, of each year, the Executive Council meet for the purpose of assessing railroad property, including right of way, bridges, culverts, rolling stock, depots, station grounds, shops, etc., as well as all other property, real and personal, exclusively used in the operation of such railways. In assessing a railway

and its equipments, the Council must not only take into consideration its gross earnings per mile in the State, but also, the proportion of the business which that part lying within the State bears to the business of the remainder of the line without the State, preparing elaborate tables thereof, from which certified copies are sent out to each of the ninety-nine county auditors in the State, showing the amount of main track of each railway in his county, and the assessed value per mile of the same, as fixed by a pro rata distribution per mile, of the assessed value of the whole property.

The Executive Council also constitute the State Board of Equalization, meeting for that purpose on the first Monday in July of each year in which real property is assessed; at this meeting the abstracts transmitted by the county auditors are considered and the valuation of all real property among the several counties and towns is equalized, by adding to the aggregate valuation of each county which they shall believe to be valued below the proper valuation, or they may deduct from the aggregate valuation in each county which they shall believe to be valued above the proper valuation, such percentage in each case, as they may deem adequate to place the assessed valuation on a proper basis.

The Executive Council also constitute a State Board of Canvassers, meeting for that purpose on the Thursday following the fourth Monday after election, at which time a canvass is made of the vote cast for State officers, (except Governor and Lieutenant-Governor), and such district officers as provided by law; no member of the Executive Council, however, shall take part in canvassing the votes for any office for which he is a candidate. Proper abstracts are carefully made as to the result of the canvass and signed by the Executive Council.

The above are but a few of the arduous duties devolving upon this, the most important of all the State Boards. Unceasing vigi-

lance must be exercised at all times by them, that the State suffers no loss through mismanagement or otherwise, this, too, in addition to the duties devolving upon them individually through the natural channels of their several State offices.

The General Assembly by an act approved March 31, 1868, established the Iowa Reform School. A board of trustees was appointed, and in September of that year the lease of suitable buildings at Salem, Henry county, was effected and the school opened for the reception of pupils.

The Fourteenth General Assembly made an appropriation for the erection of suitable buildings, which were afterward located at Eldora, Hardin county.

In 1879, buildings and grounds were purchased at Mitchellville, Polk county, and a girl's department established.

The design of the institution is the reception and reformation of juvenile offenders of the law, by a systematic course of moral and physical training under such restraint as may be deemed necessary.

The Twentieth General Assembly changed the name from Reform School to that of State Industrial School.

The trustees are elected by the General Assembly, in joint convention, at each regular session, as their terms expire, and hold for six years.

The institution for the deaf and dumb was established at Iowa City by act of the Fifth General Assembly, approved January 24, 1855. A board of seven trustees were appointed, and Mr. W. E. Ijams made principal of the institution.

The Eleventh General Assembly in 1866 passed an act permanently locating the institution at Council Bluffs. At the next General Assembly a small appropriation was made to repair the leased buildings, in which the school had found a lodgment, and a commission was appointed to locate a site for new buildings and to superintend their erection. The commissioners accordingly selected about ninety acres near the south limits of the city, and adopted a plan for the buildings. The main building and one lateral wing was completed in 1870, and immediately occupied by the school.

The trustees are elected by the General Assembly, one at each each session, and hold office for a term of two years.

The Fourteenth General Assembly (1873) appointed a board of commissioners to locate and superintend the erection of an additional penitentiary. The board met early in June of the same year, and

selected a site consisting of fifteen acres donated by the citizens of Anamosa, Jones county.

Work on the building was commenced late in 1872, from plans furnished by L. W. Foster & Co., architects, and is a model of beauty and convenience. It is 434 feet front by 300 feet deep, embodying two cell wings containing 496 cells, each cell being four feet six inches by eight feet. There are several large work shops, warden's house, dining room, kitchen, laundry, etc., all laid up in a most substantial and workman-like manner from stone quarried near the spot, and the labor chiefly executed by convicts.

The Twenty-first General Assembly created an institution to be known as the Iowa Soldiers' Home, and the sum of \$75,000 was appropriated for the purchase and preparation of grounds, and for the erection and completion of suitable buildings and fixtures; also the further sum of \$25,000 for the purpose of maintaining such home for the year 1887.

The object of the institution was to provide a home and subsistence for all honorably discharged soldiers and sailors who had served in the United States army or navy, and are disabled by disease, wounds, or otherwise.

The act provided for the location of the Home, by the Twenty-first General Assembly, but that body having met in joint convention, April 2, 1886, in the Hall of the House of Representatives, and cast sixty-one ballots, dissolved without choice of location, and a few days later passed an act that said Home should be located by a commission appointed by the Governor, said commission to consist of one

member from each congressional district, no more than seven of whom should belong to the same political party, and no one of whom was to be a resident of any county in which was located any locality a candidate for the location of said home, or of any county in which was already situated a State Institution.

House, R. M. Smith, J. R. Caldwell, T. J. Anderson, C. C. Bradley and Chas. Sweney. The general supervision and government of said Home, is vested in a Board of Commissioners consisting of six members appointed by the Governor, with the consent of the Senate, not more than four of this Commission shall belong to the same political party, and no two from the same congressional district. No compensation can be allowed any member of the Commission, other than President, Treasurer and Secretary, save their actual expenses, except a building committee of two, whose duty it is to visit the building at least once in two weeks during construction.

The contract for the erection of the buildings have at this date, been let, and it is proposed to push the Home toward completion as rapidly as consistent.

Applicants for admission, unless having served in an Iowa regiment, or was accredited to the State, must have resided in Iowa three years next preceeding application for admission.

October 7, 1863, a number of prominent and patriotic citizens of the State met at Muscatine and organized a society, the object of which was to devise means for the support and education of orphan children of Iowa soldiers.

The society was organized by the election of a president and one vice-president from each congressional district, a secretary and board of trustees.

At a meeting held in Davenport, 1864, it was decided to immediately lease a building, employ a steward, solicit donations of furniture, etc., and commence the reception of children. A committee with Mr. Howell, of Keokuk, as chairman was appointed, who leased a large building in Van Buren county and employed Mr. Fuller as steward.

On July 13, 1864, the institution was opened for the reception of children.

The Eleventh General Assembly (1866) assumed control of the institution, providing a special fund for its maintenance and otherwise provided for its management, and the institution was removed and permanently located at Davenport.

The trustees are elected by the General Assembly, in joint convention, at each regular session, and hold office for two years.

The Sixteenth General Assembly established at Cedar Falls a school for the special training of teachers for the common schools of the State.

It was provided that the board of trustees for the Soldiers' Orphan Home at that place should deliver over all buildings, grounds and personal property belonging to said home.

The trustees of the Normal School were authorized to make such improvements and change in said property as they may deem necessary to adapt the same for the use of said school. To meet the expense of such change, as well as salaries of teachers, contingent expenses, etc., an appropriation of \$14,500 was made.

The management of the school is under the direction of a board of directors consisting of six members, no two of whom shall be from the same county.

The directors are elected by the General Assembly, in joint convention, and two members are elected at each regular session.

Students signing a declaration of intention to teach in Iowa, and that they propose following teaching professionally, may receive instruction free.

The University is perhaps the oldest educational institution in Iowa, Congress having as early as 1840 authorized the setting aside and reserve from sale certain lands in the territory of Iowa for the use and support of a University within the said territory. This grant comprised over 46,000 acres, and the amount realized from the sale of these lands has largely increased by additional appropriations by the Legislature.

The First General Assembly took action in regard to the location of the University, and a board of trustees was appointed. Nothing definite, however, was accomplished until 1855, when the institution was opened for the reception of pupils. In 1856 the University was re-organized, and was by law permanently located at Iowa City, the old capitol building having been donated for its use.

In 1868 the law department was opened.

In 1870 the medical department was established.

The regents are elected by the General Assembly in joint convention, for six years, one-third being elected at each regular session, one member to be chosen from each congressional district.
