As the Parish of Plaquemine is the most the oghly Locofico in the State, and as our friends there are making vigorous efform to pre-vent fraud on the one hand and to reduce the heavy democratic majority on the other, we would suggest to the Taylor men of Orleans, the propriety of paying them a visit and encouraging them in their noble exertions. The trip is t pleasant one and costs a mere trifle. Political Associations.
We can hardly keep pace with the number of Clubs and other Taylor and Fillmore asso-
