Presenters:

John Wandelt, john.wandelt@gtri.gatech.edu

Christina Medlin, christina.medlin@gtri.gatech.edu

Next Steps

Please send State, Tribal, and Local candidates for Domain Governance Body.

Please share content to be considered for inclusion in the next release of the Youth and Family Services Domain, such as the Juvenile Justice XML (JJXML) model and the data elements identified for the child-support income-withholding order.

Please offer suggestions about the ideal process for nominating, vetting, and harmonizing new content for the Domain.

The next Domain Governance meeting will be held August 30-September 1, at a location to be determined. The focus of the August meeting will be to work with the new State/Tribal/Local members on the preparation of new Domain content.

Follow-up Questions

Does the Human Services IT Advisory Group (HSITAG) also include child-support enforcement vendors?

Who is the HHS representative on the Juvenile Justice Coordinating Council?

Does the Children's Bureau have a federal advisory committee?

Would any Juvenile Justice vendors be interested in participating in the Child Welfare Data & Technology Conference's exhibit hall the week of July 19?
