ZIA & PARTNERS (Advocates & Consultants)

E: zia.muneeb@gmail.com; ziaandpartners@gmail.com

He is a corporate and developmental lawyer with over 20 years of diversified legal experience. In 1991, he started working as an attorney at prestigious law firms and large chambers and, over time, rendered legal services in almost all the major areas of banking, civil, commercial, corporate and financial laws. He has been advising a diversified group of clients, including commercial entities, statutory corporations, banks, financial institutions, international organizations and individuals on a large variety of legal issues. He has advised several overseas clients on foreign direct investment laws of Pakistan and establishment of local businesses and branches. He has represented many clients in Court actions and commercial arbitrations.

He has been advising the Federal and Provincial Governments of Pakistan on law and policy reforms. He acted as Legal Adviser of the Federal Ministry of Finance on reform of economic and commercial laws. He is an international assessor of anti-money laundering (AML) and counter-financing of terrorism (CFT) regimes and was part of the core team that developed Pakistan's first AML/CFT strategy. He was hired by the Government of Pakistan to advise on acquisition and resolution of non-performing loan portfolios of state-owned financial institutions of hundreds of millions dollars. He has been consulted by the UNODC, World Bank, IFC, ADB and Harvard Law School on several laws of Pakistan, including secured transactions, securitization, mortgage financing, doing business in Pakistan and criminal justice system. He was a visiting Professor for a number of years and lectured on business and commercial laws at a leading law university and business studies college.

He has written a number of papers, including: "NPA Resolution Mechanism & Lessons Learnt", (2006), Analytical report developed for the Ministry of Finance, Government of Pakistan; "Review of the proposed Corporate Rehabilitation Ordinance", (2003), Analytical report developed for the Ministry of Finance, Government of Pakistan; "The Legal Regime of Secured Transactions in Pakistan", a research paper prepared for ADB (Philippines), Harvard Law School & Center for the Economic Analysis of Law (USA); "US War on Terrorism and American Military Action in Afghanistan", (2001), an article posted on the website of University of Pittsburgh, USA; "Contracts: Formation, Performance & Breach", (2001), a paper written for the Punjab University Law College, Lahore; "The Inheritance Laws of Islam", (1991), A research report prepared for a Lecturer of Punjab University Law College; and "The Current Legal-Economic Situation of Pakistan", (1990), Punjab University Law College Magazine (Al-Mizan).

He specializes in the laws of banking and finance, companies and contracts, competition and procurement, energy, foreign direct investment, multinational enterprises, public sector entities and regulatory authorities. He has special expertise in law and policy development.
