

Nurse Anesthesiology Faculty Associates (NAFA)

NAFA is coordinated and run by the Virginia Commonwealth University (VCU) School of Allied Health Professions Department of Nurse Anesthesia. The VCU Department of Nurse Anesthesia is Ranked as the #1 Nurse Anesthesia Program by U.S. News and World Reports.

NAFA is dedicated to formalized continuing education for the Anesthesia Provider. Each annual anesthesia program is focused on all aspects of updating current anesthesia practice. The learning objectives are directed toward enhancing the quality of anesthesia care for those patients requiring anesthesia services.

While NAFA places strong emphasis on current clinical practice, paralleling topics are included to meet state nursing licensure requirements.

If you are a Allied Health Professional, Nurse, or Nurse Anesthetist looking for reputable continuing education credits NAFA is a great option for you!
