Mr. Bristed has found the most valuable benefit from the Drops, Bands and Fluid, is better in every respect than he has been for many years, and is now rapidly recovering his health. All symptoms of Epilepsy have left him.

RHEUMATIC GOUT.

To Dr. Christie—Sir—After a fair trial of almost everything without any good effect, I think I must attribute a remarkable cure to the power of your Galvanic and Magnetic articles. If I may mention in the cause, they have very seriously relieved me of Rheumatic Gout, of long standing, together with general nervous debility of the system.

APOPLEXY AND PARALYSIS.

☞ Captain Andrew J. F. Tomes, residing at No. 70 Bridge street, Brooklyn, L. I, is in his 76th year. He has generally enjoyed good health, but about 3 years since it began to fail. He was slowly recovering, under the prescriptions of Dr. John W. Francis, when he suddenly fell down insensible in the street, and severe Apoplectic fit. On recovery he noticed that a portion of the side was apparently dead; and on further examination his physicians pronounced his case to be that of combined Apoplexy and Paralysis. The family of Capt. Tomes were induced to try the Galvanic Rings and Magnetic Fluid, and for this purpose procured a pair of the Rings for the hands, a pair of Bands for the limbs, and one bottle of the Fluid. In twenty four hours after using these articles feeling was perceptible in the paralyzed parts, and perspiration broke out. *The Rings and Bands enabled to raise his arm and use his hand, and in three days he was enabled to walk alone.* A period of nearly six months has now elapsed, during which time no symptom of Apoplexy has been apparent. He has enabled to perform active exercise and all his impaired faculties have been restored.

TESTIMONY FROM FRANCE & PRUSSIA

TO THE MERITS OF

SANDS' SARSAPARILLA.

The fame of this preparation is not confined to the limits of our own country, but by its powerful agency in arresting and curing disease, has won its way successfully into different countries in Europe, as the following unbiased testimonials from individuals of the highest respectability show, in the most conclusive and satisfactory manner. The decided success has authorized its use there, which has always marked its course wherever adopted, and discases have yielded to its health restoring influence which Medical Men of a profound skill had pronounced incurable. The most potent simples of the forest and fields are united in this preparation, and the combination is such that one assists and improves the other, and under the name of Sands' Sarsaparilla is presented a compound of fering entirely in its character and properties from any other preparation, and unrivaled in its operation on the system when laboring under disease. Its approval by Physicians and Men of Science, and the uniform success which has marked its use, furnishes proof sufficient to convince every candid and discerning mind of its great superiority and value.

Legation United States,

BERLIN, Prussia, April 8th, 1846.

Gentlemen—Having seen your Sarsaparilla used in this city with great effect in a severe case of Scrofula, I have been requested to procure three dozen bottles, which please send, on the receipt of this, enclosed draft on Messrs. Hinchin & Lindhart on the least possible delay. I am inspired mostly by a feeling of philanthropy, in begging you to forward me the bottles, feeling confident of the value of a medicine which, widely as it is known, is not known as it ought to be. I am gentlemen,

Respectfully yours, &c.

The following is an extract from a letter received from Mr. Meek, whose wife had been afflicted with a Scrofulous affection of the nose, which baffled the skill of the first physician in France, it commends itself to the attention of all.

Rennes, Department of Ille and Vilaine, } France, July 7th, 1845. }

Messieurs Sands—

The Sarsaparilla sent has been received, and the great benefit my wife has derived from its use upon a short trial, as well as the high recommendations we have received, leads us to go on here, and bring about a cure with this medicine, a disease that the most enlightened physicians of France have not been able to effect. My wife is fully determined to continue its use until a perfect cure is effected, and feeling what we have to thank you for in the benefit we send us some more without delay, and be assured, gentlemen, we shall take pleasure in making known its great virtues to our friends and the public generally, and that it will soon be extensively used here, and all over the world, and that many afflicted sufferers will had with joy the knowledge that there is a vegetable preparation sufficiently powerful to eradicate their diseases. I have the honor to remain yours respectfully,

J. MACE, No. 1 Rue Louis Philippe.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be had gratis of the Agents.

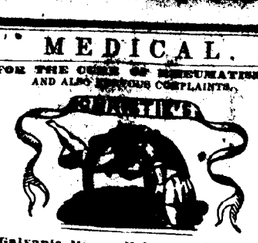
MEDICAL.

FOR THE CURE OF RHEUMATISM, AND ALSO VARIOUS COMPLAINTS.



Galvanic Rings, Belts, Bands, and Magnetic Fluid.

THE proofs of the wonderful power of these articles are very numerous, and are daily accumulating. It is believed that in the city of New York alone, upwards of EIGHT THOUSAND PERSONS, during a period of less than a year, have been entirely relieved of the most painful and chronic disorders, some of which have completely baffled the utmost skill of medical art. The following certificates from highly respectable persons are selected from a large number of a similar character:

EPILEPSY AND PALPITATION OF THE HEART.

☞ Rev. John Bristed, son-in law of Mr. John Jacob Astor, of New York, Minister of the Episcopal Church at Bristol, R. I, residing in Main street, has long been subject to distressing attacks of Epilepsy, often falling down insensible. This disease has been accompanied with violent Palpitation of the Heart and a rush of blood to the head. For three years he has been unable to preach or attend to his other duties. Mr. Bristed has found the most valuable benefit from the Rings, Bands and Fluid, is better in every respect than he has been for many years, and is now rapidly recovering his health.
