In Ohio, in 1866, Governor Hayes, the Republican candidate, was elected by 2983 majority. The majority in 1864 for the Republican was 93,86.

In Indiana the Republican majority in 1864 was 20,188, in 1864 in was 114,702.

Our issue of to-morrow or Thursday will, in all probability, give the result of these elections. Indiana is considered sure for the Democracy. Ohio, denbural.

Shooting in Aligers.—A man named Scott was shot with a pistol by a man named Lewis, at about nise o'clock Sanday evening in the neighborhood of the colocad Mesthodist Charch, on Market street, McDonoghville. The cause of the shooting is not yet known; certainly there was no immediately quarrel between the parties. Soot was in the church, and on coming to the shoot was waylaid and shot by Lawis. Dr. Johnson, and on examination found the wounded man in a condition to be sent to the Charity Mespital, which was done, Lawis immediately make his escape, and so far has not been arrested.
