Letters and Brulatour Certificates of authenticity of Mr. Boubee in Europe, leave no doubt of the efficacy of his remedy against the gout and rheumatism; even here, testimony might be obtained from a number of persons, who rejoice in being able to bear witness to the efficacy of this powerful remedy. In fact, as there be a mere nominal subscription than that brought down which brings immediate ease to a person suffering under the most cruel attacks of gout and rheumatism, and enables him at the same time to attend to the affairs. By continuing the treatment in chronic cases the attacks become reserved more at long range, and with much less intensity, and they even do not occur at all when the remedy is taken in time. In new or recent cases, the regular treatment produces a complete cure.
