NEY-ORLEANS, Monday Morning, February 13, 1832.

00-We received yesterday a northern mail,bring ing New York papers of the 26th, Washington and

LATE FROM MEXICO.

Authentic details have been received in this city.

The brig Sancho Panza came in the po t of Campeachy, on the 21st of January, in four days' navigation from Vera Cruz, and brought the intelligence the intelligence the intelligence that it is a spain, and on the other, England of being closed with ice."

Should the weather not moderate in a usy of two. Tennessee river will exhibit a rare instance of being closed with ice." This we give our readers on the authority of the

might not, probably, be made in vain; in as much as one of the superior officers is a near relative of the Bellinghausen by Baron de Walssenbourg obtains general and exercises a marked influence on the but little credit.—Correspondent of Nurembourg.

place. The immense destruction of property had caused a necessary rise in produce. Coffee was being sold at 15, rum at 75, at d sugar at 7 cents. It was apprehended that the cane would be mostly lost, the sugar-paralecturing works having works having the product of Castries, for the period of Six months, for the air mission, freehold in the part of Castries, for the period of six months, for the air mission, freehold in the six months, for the air mission, freehold in the part of Castries, for the period of of American yellow and pitch bine boards, and the product of American yellow and pitch bine boards, and sugar at 7 cents. It was apprehended that the cane would be mostly lost, the sugar-paralecturing works having the period of Castries, for the period of of the period of lost, the sugar-manufacturing works having been almost wholly destroyed. The embargo, which had since been recalled. The captain of the Enterprise states that his vessel was, for several days, crowded with affrighted females, seeking for refuge. It appeared in the course of the evidence, adduced on the trials of the rebels, that the plan of destruction that till of the rebels, that the plan of destruction had been machinated by the emissaries, sent out, from time to time, by the anti-colonial party, in Englishment of the course of the anti-colonial party, in Englishment of the destruction from time to time, by the anti-colonial party, in Englishment of the destruction of the destruction of the destruction of the destruction of the lable. We can inform our readers to the part of the destruction of the since been recalled. The captain of the Enterprise ber of victims has been immolated during this short, but frightful reign of terror.

SIX DAYS LATER FROM EUROPE:

The ship Thomas Dickinson, ANTHONY, at Savannah, from Havre, whence she sailed on the 29th plying Paris dates of the 28th, and London of the 26th of December. We furnish the leading extracts gence is not, however, of a very characteristic na-

The cholera continues to be a great topic of speculation; though by the late advices it would seem to have decreased in violence. The number of cases up to the 26th had been 622, of which 190 have died, and 9 only remained sick.

Liverpool has been visited by a severe conflagration. Eight or ten valuable houses in Frederick street have been completely destroyed. The aggregate loss rated at £20,000 sterling.

The Paris editors have received letters from London, in which it is stated that the ministry have come to the determination of creating thirty-six additional peers. As stated before parliament had ad journed to the 17th of January last.

Captain Anthony informed the editor of the Georgian, that at the time of his departure, a decline had been perceived in the Liverpool cotton markets

A Russian courier, with despatches for London, passed through the Hague, on the 17th of December, and stated that Emperor Nicholas had, on the 15th of November, refused to ratify the conclusions of the conference, on the affairs of Belgium and Hol-

BELGIUM.

movements are countenanced by some of the Dutch police. This band has taken position at Lesperanges. Frisange and thence overruns the country, exciting the Luxembourger's to revolt against the King of the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians, and to re-establish the colors of the the Belgians that the same than the same that the same House of Orange, prudently embroidered with the ed, it appears, by two councils; one ostensibly the provincial government; the other, secret, takes the too many clouds.

an object is still distant: the horison is obscured by traditionary phrase of English printers. too many clouds. name of "the committee of public tranquillity." A proclamation, signed Count du Prel and Auguste de Tornaco, has been widely spread. This proclamation announces that what it prompously names the Luxembourg army, will be commanded by the Chevalier Wauthier, a veteran officer. It is also said in the country that M. de Stappert is one of the heads of this band of wretches, who, wherever they go, depose the Pelgic authorities, and possess them.

Washington, Jan. 27.—We are gratified in being able to announce to our readers the probability of having it in our power to lay before them the debates of the Senate in secret session, on the filter string question of Mr. Van Buren's nomination.

The Senate has passed a resolution removing the injunction from all the proceedings of the Senate, and go, depose the Pelgic authorities, and possess them members participated in the debate. and in the order very frequently struck with the general intelligence. Tornaco, has been widely spread. This proclamago, depose the Pelgic authorities, and possess themselves of all the arms they can find. As soon as the Belgic government learned the facts mentioned the Belgic government learned the facts mentioned above, a hatallion of light infantry and another of above, a hatallion of light infantry and another of above. above, a batallion of light infantry and another of linghuysen, Moore, and Mangum—several of whom the civic guards of Auvers, set out from Liege and addressed the Senate more than once

Brown, Ewing, Poindexter, Forsyth, Hayne, Frequencies, and une service guards of Auvers, set out from Liege and addressed the Senate more than once

Brown, Ewing, Poindexter, Forsyth, Hayne, Frequencies, and the service guards of Auvers, set out from Liege and addressed the Senate more than once Namur, so as to arrive at Azlon on the 28th and 29th and stop the robbery and invasion of these hordes in the pay of the Dutch government, which would by disorder, devastation and anarchy, render itself master of the Canal Dutch government, which would the former specific the Canal Dutch government, which would the former specific the Canal Dutch government, which would the former specific the Canal Dutch government, which the former spaffirmed by indispagation 1. The Vicemaster of the Grand Dutchy, commencing with the the former confirmed by indisposition.] The Vice- offices, as a friend-(nor can I forget it,) aid. German portion. There is every reason to hope that the insurrection will prove abortive, and that it will be promptly arrested.

PARIS, Dec. 26. Chamber of Peers has adopted the non-hereditary principle; but to speak the truth, the numper of majority on this vote astonished the min-ister himself. He had allowed hunself to fear the nen of the restoration, nor the strange pre tensions of the younger of our imperial notables. had affected the opinion of one hundred anti-hereditary members. While talking with anti-hereditary members. While talking with regret of the suppression of the legislative privilege. M. Perier had a long time since made a securice of it in petto; le had perceived the necessity of conforming to the exigency of the notional wish, expressed in the electoral colleges, and reiterated in a representative majorny ges, and reiterated in a representative majorny ges, and reiterated in a representative majorny in second, and serve as a guide when the present generation shall have passed away, to those who may in the latest factions, he office for sale which there is a propriety also in its having the stamp of public authority, and we hope it will be taken up by sold and high-minded privathoud."

JOSEPH C. SPRENGER.

troops.

Latest from Jamaica.—By the arrival of the brig Enterprise, at Savannah, the Georgian has been put in possession of a file of Montego Bay Chronicle, Jamaica, to the 14th of January, inclusive. The disturbances had not ceased at the time of the vessel's departure. A large number of the insurgents had undergone the penalties of their crime. The island was in statu belli, the military on foot, and arrests and convictions daily taking of the conferences. Great distress prevails in Gallicia, on account of the heavy contributions.

But little credit.—Correspondent of Nurembourg.

SPALN.

West Indies,—Barbadoes papers to the 23d of December have been received at Charleston.—Several severelaboets of earthquiste have lately been felt at Demarara, and in the Islands of Trinidad, Greends and St. Vincent. Lieut. Col. Col. Mark. Governor of St. Lucia, died in the sland about the middle of last month.—the had but recently assumed the governments and on the lat ut, had issued a proclamation opening the pairt of Castries, for the period of Callicia, on account of the heavy contributions.

almost wholly destroyed. The embargo, which had been laid on vessels lasted fourteen days, but has Sunderland itself, the disease is evidently on lumber and floor, and extending the time to the its invasion 46 cases, and 13 deaths have been can lumber. &c. day free, until the 1st of recorded.

March.—N. Y. Er. Post.

This morning about three thousand students had started in a procession from the Pantheon. to go and present a flag to generals Romarino of December, brings Havre papers of the 29th, sup- which preceded their friends. The procession, to the perusal of our readers; the political intelligence is not however of a very observational intelligence. was blocked up by a detachment of infantry. Having failed in forcing a passage, the young men were about withdrawing, when pickets of

to escape a threatened assault.
General Romarino Las sent one of his aids to beg the students of the different schools to put off their visit. The deputy adduced as an exuse that the General's dwelling was not suffi iently capacious to contain the crowd of visithat the general would receive with pleasure and gratitude, all students who should pleasure and gratitude, all students who should please to v.sit him in groups of ten in number.

"Otherwise," said the said, "my general accepts the patriotic gift, which you intend making, and the patriotic gift, which you intend making, and will receive at your hands a sword-a cuigainst the enemies of Poland and France." guard clarges them now and then; several vic-

tims are said to have already fullen.
