OFFICE OF THE

COMMERCIAL BULLETIN.

NEW ORLEANS, TUESDAY MORNING, APRIL 25, 1848.

A moderate business has been transacted in cotton during the past week, yet the demand in prices for a few of the leading descriptions has been improved in price in the early part of the week, but with less favorable advices from Europe the market has since been somewhat depressed. Flour has been dull, without material change in prices; while Grain has gone off pretty freely at lower rates. Provisions of all kinds have been dull, and prices have declined for the principal articles. Sugar has been firm, but Molasses has shown a declining tendency. In Tobacco a fair amount of business has been done. Freights have been active, but at lower rates, and exchange has further advanced.

Yesterday morning we published the Firm's advices, bringing up our Liverpool dates to the 13th inst., they reported sales of Cotton for the week at 42,000 bales, the market having opened firm, but closed at a decline of ⅛d., particularly on Upland descriptions. Fair Orleans was quoted at 5d., and Middling Orleans at 7½d. The stock of Cotton was stated at 800,000 bales, of which 310,000 were American, the latter from Mobile and Orleans were less favorable. The sales of Cotton at Havre during the week were 9,000 bales, the market closing quiet. Our Ordinance Orleans was quoted at 103 francs. The Money market at London was rather more stringent. Money was abundant, but operators cautious.

COTTON.—Arrived since the 20th ultimo, 29,664 bales. Cleared in the same time for Liverpool 28,757 bales, Queenstown 3810, Havre 3306, Bordeaux 26, Sunlander 470, Barcelona 1963, Antwerp 100, Amsterdam 3268, Rotterdam 200, Christiana 1613, Narva 1515, St Petersburg 3101, Vera Cruz 343, Boston 1062, New York 18, Philadelphia 6281, and Mobile 211 bales; together, 62,884 bales, making a reduction in stock of 23,127 bales, and leaving on hand, including all on shipboard not cleared this day, a stock of 404,080 bales.

The week opened with a fair demand and a firm market for Cotton, though operations were checked to some extent by the unfavorable advices of breadstuffs, and the sales of the first three days of the week did not exceed 16,000 bales, prices being generally in favor of sellers, and advancing materially on the middling grades of ½ to ⅝ on Wednesday the demand was moderate, with sales of some 5000 bales before the receipt of the foreign news by the Niagara, and Friday, which quotations are noted as ¼ to ⅜ lower, and the speculation being nominal at $1 less $17 per bbl for Mess. The stock at the Public Warehouses to-day is 42,300.

To the Ladies.

DISEASES are very often followed by the loss of that finest of all ornaments—the hair—and no better preparation can be used in such cases than P. GAUDIN'S INVIGORATING AND NUTRITIVE PURATIVE MOSS-PASTE for it and the scalp.

The particular attention of ladies is called to the above article, which is unequalled for strengthening and beautifying it's hair. The same may be said of J. M. MENVIELLE'S ORIENTAL.

P. GAUDIN'S "EAU DE BEAUTE" is also highly spoken of for the skin, which it can in no case injure.

The articles can be had at 50 cents, exclusively at the FRANCO ITALIAN DRUG STORE, corner of Rampart and Barracks streets. ap24
