A CHILD FOUND.

☞ On the about 3 years old, was left yesterday, at the Subscribers, by a man of the world, who had found him in the street. Said child may be claimed at No 85, Camp st.

BORDERES & Co.

☞ We are requested to remind the public that the sale of those eligibly situated lots on Camp street, takes place this day at half past 12, at the City Exchange, St Louis st

☞ The writer in the Courier under the signature of Say On, has more wit than reason, and more effrontery than argument. His article is a veritable type of his party, "in its most sound and fury signifying nothing." There is a naughty, malignant sneer in every line of it, curious, many of which are also fearfully erroneous in a very flimsily concocted. He declares for instance, that since he resigned, that Mr Johnson, the man he considers have gone over to Mr Preur. We are free to confess our utter ignorance in this matter. What shadow of reason to such assertion as this can exist? What evidence can be adduced to support such a shew of plausibility? The portraits we have of are perfectly consecrated the hopelessness of [illegible] the treasure desperation of [illegible] precluded to defeat and slaughter, [illegible] the contest with countenances unshaken [illegible] ranks vainly attempt to conceal the [illegible] lineaments of their face, and language [illegible] expression of anguish can so thinly cover [illegible] of immortal pain of victory. The withdrawal of Mr Johnson, we learned and pondered on with the secession of Mr Rouge. While it has not [illegible] a moral or a physical, it has concentrated [illegible] what was strength upon him, and secured to [illegible] every prospect of an overwhelming victory. It is [illegible] that he was accused of duping Mr Johnson to retirement. We have turned over two sessions [illegible] by the confession of the writer himself, and we cannot find [illegible] duping Mr Roman in office, by a majority that we thought and confound all opposition. We have been guilty of no "numerical exaggeration," and if the writer in question is convicted the county papers, he would see that our calculations are based upon their contents, for we scorn to cook up figures, or put a colour in stating Mr Roman's prospects. The most unpardonable sin, however, he has done is to point we harm, to ought just as little [illegible] We said. New Orleans, during his term of office, [illegible] enough to [illegible] of improvement, [illegible] was here we the nucleus of a great city. This [illegible] was uttered without the slightest assistance on [illegible] the Mayor, and is to be attributed to the natural [illegible] of the place, and the bold enterprize of its citizens. But in the heated imagination of Mr Prieur, [illegible] as a ways tantamount to *proprer loc.* and because New Orleans has prospered during [illegible] administration, it must needs be his administration that has made it prosper. This species of sophistry cannot hoodwink [illegible] ounce.

SPECIE FOR CITY CERTIFICATES.—The Baltimore authorities are making arrangements to redeem in specie all the shin-plasters issued by the corporation under the denomination of one dollar The amount in circulation is $98,600.

SPECIE PAYMENTS IN MICHIGAN.—The Monroe Michigan Gazette of the 15th instant says "The Bank of River Raisin, and the Merchants' and Mechanics' Bank of this city, resume the payment of their notes in specie, to-day. As the banks of Michigan, in suspending, yielded only to the force of external and foreign circumstances, they are able to resume without the least difficulty."

PROFESSION OF FAITH.

The Princeton are falling loudly for Mr Bayne's profession of faith. Now, we should like to know of what possible interest his political creed can be to them. Suppose him him a Whig, will they vote for him?—Certainly not, for they are the Democrats exclusively, and would not disgrace themselves by giving their suffrages to a Whig Suppose him a Democrat, will they then vote for him?—Of course they will not. They have already their chosen candidate, and will not abandon him if all the worth, virtue and intelligence of the state were contained in Mr Roman's single person. Suppose him to be neutral, Will they thy then vote for him?—Far from it, they want no supple, trimming "Vicars of Bray," and will only vote for a strong party-man. It appears, therefore, that they are meddling very inquisitively with what is of no possible consequence to them. Under no circumstances will they accord Mr Roman their "sweet voices" and Mr Roman cannot consent for their sole gratification to explain his sentiments. As to the rest, it has never been denied that Mr Roman was a Whig; and those who support him are perfectly satisfied with this assurance, without importuning him for his profession of faith.

Congress, May 23.

The House met this day at 10 o'clock in consequence of the resolution changing the usual hour. Mr Everett from the Committee on Indian affairs, to whom had been committed the Seminole bill providing for the security of Indians emigrating west of Missouri and Arkansas, reported the same with an amendment. It was referred to the Committee on the Whole. A bill for the relief of Thomas Ap Catesby Jones was likewise reported. The House went into Committee on the bill for suppressing Indian hostilities. The House adjourned without coming to a decision.

In the Senate, a message was received from the President, transmitting a copy of a letter from the Governor of Maine with the resolutions of the Legislature of that State, asking reimbursement for Mr Grosly and others who have been imprisoned by the British authorities. Also other papers pertaining to the subject of the North Eastern boundary. These documents were laid on the table and ordered to be printed. On motion of Mr Clay, a resolution was adopted calling upon the Secretary of the Treasury and the Post Master General to state whether any orders had been given for the reception of Bank notes in payment of public dues.

☞ A paragraph in the New Hampshire Statesman states that Mr Woodbury has been nominated by Gov. Hill, as Chief Justice of the Superior Court of New Hampshire, and that the nomination, will, without doubt be confirmed by the council. A letter from the correspondent of the Boston Courier at Concord, corroborated this news.

Indian Affairs

The news of the proposition of the President to extend two years, the time stipulated in the treaty of 1835 for the removal of the Cherokees, has, it seems, occasioned considerable excitement in Georgia. The "constitutionalist" of course affirms that the consent of the states interested in this treaty must be obtained before a delay can be granted, and adds, that Georgia will never agree to the proposition, and that whatever be the consequences, she will peremptorily require of the Federal Government an immediate execution of the treaty of 1835, and a speedy removal of the Cherokee Indians from the territory of Georgia. We believe, however, that there is much unnecessary display of warm blood in this language. The communication of Mr Poinsett, transmitted to the last municipality should have the property free from all liabilities in order that it may dispose of it at its less will and pleasure

It is consequently resolved, that a special committee of three members be appointed to confer with the committee standing with the Draining Company, in order to adopt measures compatible with the interests of this municipality, and the Draining Company may urge against that the above Draining Company may urge against it.

Messrs N Vegne, J M W Pleton and Mr Cruze, were appointed on the committee.

Mr Z Colston having resigned his office as member of the Hospital and Levee Committee, Mr P Labranche was appointed in his place.

Mr E Duplessis having stated that in several parts of his ward, sur tones of were reported to slaves in contravention of the laws and ordinances on the subject.

Resolved, That the Recorder be and is hereby authorized to purchase the necessary materials, and cause to be repaired the [illegible] of the Council shall be, and is hereby authorized to have the necessary [illegible] of them, together with the [illegible] of the Council, and that the Secretary [illegible] be authorized to have the necessary [illegible] of the Municipality.

An amendment of the preceding [illegible] that said [illegible] should be permitted to [illegible] Hospital, was rejected.

A letter was read from Mr James Roach, proposing to place that [illegible] on the intersecting [illegible] of the Municipality.

On motion of Mr Crozat, and proposition was referred to the committee on paving.

The Council dissolved with a view to take into consideration the ordinance, and adjourned over to the day, for the city guard, presented by Mr Prieur.

The 9th Article being read in order, on the motion of Mr Labranche, it was postponed to the day next after the 10th April inst.

On motion of Mr Labranche, the 10th and 10th of said Ordinance were rejected.

On motion of Mr Bonsson, the 4th Article was read, and Ordinance were rejected.

On motion of J J Slocer, Resolved, That the treasurer be and is hereby authorized and required to take the necessary steps to collect the legacy left by the late Stephen Henderson to the Cathedral church of St Louis.

On motion of Mr Corregidor, Resolved, That the absence of Mr Jackson of June, be excused in consequence of the serious illness of his parents.

On motion of Mr J Slocer, Resolved, That the treasurer be authorized to pay an account of repairs made to the lodging occupied by Judge Prevat.

On motion of Mr Bonsson, Resolved, That a sum of [illegible] be given to Mr Arma Lyon, as a relief

It is moreover, Resolved, That the [illegible] be authorized to sell the broken bells either in New Orleans, or in the proper place.

On motion of Mr Bonsson, Resolved, That a committee of three members be appointed to receive propositions from those persons who possess tombs in the cemetery No 3, adjacent to the line with Conti and Bourbon streets, who may wish to have them removed to some other place.

It is further Resolved, That the same committee be also instructed to receive the mutual resignations of those tombs, to cause it at the expense of the [illegible] and to have no tombs erected to receive them.

Resolved, That the duty be respectfully suggested to the Legislature, to be made conformable to the laws of the Catholic church. The members present [illegible] the said [illegible] Mr Corpet moved for a committee of [illegible] the report of which [illegible] Messrs Bonsson, Mercier, and L Moni. Mr Bonsson, Mercier in favor of, and Messrs Peter and Corpet against the resolution. Ayes 3, nays 3. The Chairman voted with the majority.
