Architecture, Civil Engineering and Surveying.
HAVING removed his office to Banks' Arcade on Magazine st. from New Orleans, respectfully state that he continues to practice in the above arts in their various branches. Civil Engineering and Surveying, Architecture, Drawing and Painting, Public Buildings of every description, Churches, Cottages, and all the various kinds of buildings will be made with a strict regard to the principles of science combined with appropriateness and economy, on the local circumstances of each particular case.
Plans and elevations of private and public buildings, of greater internal improvements, such as railroads, canals, protective works, &c., executed in the most accurate manner, and will be furnished, if required, in such a style of finish as will be most suitable to the nature of the subject, and the means of the employer.
Having a well selected library at hand, I am upon occasion prepared to give information upon any subject connected with the above arts, and which have been or may be submitted to my inspection, and to procure for my employers, at the shortest notice, and on the most reasonable terms, any article of furniture, machinery or other implements they may require.
The great facilities afforded by the numerous steamboats and railroads centering in this city, and which have been of late years greatly increased, render it the most convenient place for the purchase of articles of the above description, and I am prepared to offer to my employers the advantage of the most favorable prices and terms of the work.
Having had a long experience in the construction of buildings for the various purposes of trade, such as stores, dwelling houses, warehouses, &c., as well as public and theatre dresses, I am prepared to furnish plans, specifications and estimates for buildings of the above description, and will not only be made at short notice, but will be executed in the most perfect manner, and with the least possible expense, consistent with the strength and durability of the work.
Drawings of all kinds of goods for ladies and gentlemen's wear, carriages, bill and theatre dresses, &c., executed in the most perfect manner, and with the greatest dispatch. Panoramas, transparencies and dyes exchanged for new ones. Specimens for inspecting at twenty days' notice. Orders from the country promptly executed, and packed in the best manner.
J. HERICY.
