Whatever doubt might have existed for a period as to the effect of the Presidential short period as to the effect of the Presidential nominations on the two great political parties in Tennessen, the evidences are now pourin: a thick and fast that that callant State will give to the Whig candidates an overwhelming support in the election of November acxt. In justification of this opinion, we copy the fol-lowing extract of a recent letter from Shelly-vide:

Two years ago the Whige carried less than because the other Legislature: now they have searly holf of the Legislature: now they have searly holf of the members choken this year, though five Opposition Senature who hold over secure a majority to our opponents. The Bar lington Hawk Eye of the 13th has the fullest returns, which add up:
