sectain kind of courage that few persons are susceptible of; after having avewed and attempted to justify contradic ciple in supporting Priour, after having advocated the claims of Dawsen. In his paper of Saturday, he respublishes the which he now disapproves as editor and proprietor. If the nublic will bear in mind that the Mercantile appeared likewhe willing to support the candidatuse of Mr. White, litar for more than two years, they will readily much faith should be put is its statements d what confidence is due to one who has contradicted lmost every thing that he has written or thought.

From the Mercentile Advertiser of Nov. 17th, 1831. We are authorised to announce Gen. J. B. Dawson as a candidate for the office of Governor, at the ensuing elec-

tion.

This gentleman is a creole of Leuisiana, and has, for several years past, filled the office of parish Judge in West Feliciana, with great credit to himself, and advantage to the community in which he lives. By the constant and the community in which he lives. By the constant and faithful discharge of his station, he has become intimately acquainted with the laws of the state, a qualification that

acquainted with the laws of the state, a qualification that emmently #hhim for the post of Governor.

Bore amonght us, personally acquainted with almost every inhabitant of Louisiana, of commanding talents, possessed of much experience, and practical anowledge of men and things, of bland and concilutory manners—these are the sate guarantees of a wise and beneficial administration

the sate guarament of a weet and beneficial administration under such an empative office.

There is another beasen which foreignly recommends Gen. Dawson to device in the flat let is a native of the parish in which he resides, in the flat let let if the let we were the claims of the Flavidans to be let the first magistate from the claims of the Flavidans to be let the first magistate from amount themselves. Let us sender them their due, and no longer resist their claims to justice. These patroitic peo-ple can bring to the polls \$200 votes for General Dawson, which added to the still greater number which he will obional districts of the state, will

The Discours.—We learn from the New-York Journal of Commerce, that this mobile vessel went to see on the 15th with, having dropped the day proceeding down to Sandy Hook. Our follow-townsman, EDWARD LIVINGSTON, SO-

respection that as each as the Chamber should be enabled to know all that it is called upon to do in this important and orgent affair, it would admit, as fully as he did, not only the perfect justice of fulfilling the treaty, but the immense gratified and political interest attached to the measure. Thus all seems to indicate that the favorable designs of the Chambers to all designs.

measure. Thus all seems to indicate that the favorable decisions of the Chambers is only delayed.

Trade is lively. It is stated that there are now in lodgings in Paris, \$2,000 workmen—of whom \$0,500 are fully employed—thus there are only 1500 out of work. The public works are going on spiritedly. The scaffolding for raising Napoleon's statue to the top of the column in the Place Vendome, is rapidly advancing, and no doubt it will be placed there on or before the fetes of July. The manument of the Restilla is also being completed.

The trial of Auronio LE Blanc for the murier of Mr.

sey, of Newark, and Francis Maculiock of Mornstown.

A correspondent of the Daily Advertiser says: "The court has expressed a most positive injunction against publishing the preceedings of the trial during its progress.—The penalty of disobeying this order will be imprisonment." Ferhaps the court think it necessary to defend this about claim—the right to prohibit the publication of any part of a trial until the verdict is rendered—with a little extra right and the second of or, on account of the shock it received in the case of Avery, and subsequently in that of Clough- It is true that in neither of these eases the prohibition was absolute—the reas of sure that it would have prevented the publication. For y abandoned; in this country it is still less tenable. If the public have a right to speak of it out of doors; and fifthey have a right to speak of it out of doors; and fifthey have a right to speak of it out of doors; and fifthey have a right to speak of it, they may write letters about it to their briends, and these may be published; or they may publish what they write, themselves. This is only speaking to many persons, instead of a few. Looking at the expediency of the case, we ask whether the ends of justice are more likely to be well as whether the ends of justice are more likely to be well as whether the ends of justice are more likely to be well as whether the ends of justice are more likely to be well as the expediency of the case, which in every trial that excites much interest, soil a about an influence the judgments of the people. In short is it not as well that the public should be rightly in the fermed of the state and progress of the case and its apparent merits as it proceeds, as to have their eyes blinded, their judgments warped, and their feelings inflamed, by lying Rumor. One or the other of these alternatives must ensure in every important case heard in open Court; and, that are the public should be rightly in the proceeds. They may assume such authors their right, nor expediency, will warrant a Court in prohibiting the publication of a proceeds. They may assume such authors their right, nor expediency, will warrant a Court in prohibiting the publication of a proceeds. They may assume such authors the respective of the claim. At present, it is held over as Edi ors and Reporters in terrorem, and we must dispose of it as we find to be expedient—taking into view our own rights and interests of the public. Jest, of Cons.

In the house of commons on the 8th of Jely, the Irieb. ly abandoned; in this country it is still less tenable. If the public have a right ro attend a trial, they have also a right to speak of i: out of doors; and if they have a right to speak of ii, they may write letters abont it to their briends, and these may, be published; or they may publish what they write, themselves. This is only speaking to many persons, instead of a few. Looking at the expediency of the case, we ask whether the ends of justice are more likely to be deseated by a faithful and responsible record of the proceedings, or by second, third, or twentieth-handed reports, which in every trial that excites much interest, will get about, and influence the judgments of the people. In short is it not as well that the nublic should be rightly ined; in this country it is still less tenable. If the
