The Steamer Trade will stop at Gentilly Station when notified. Also at Bayou Sauvage and Milneburg. Fare to each way.

Carelessness near Canal street may be avoided by the Bridge.

T. FARDELY,
Agent.

AYER'S SARSAPARILLA,

A COMPOUND EXTRACT, designed to be the most effectual *Alterative* and *Purifier* of the blood it is possible to make. It is a concentrated extract of Para Sarsaparilla, with such other ingredients as are the most powerful to be had in combination with it, but none in quantity to affect its effective medicine for the diseases for which it is recommended. Its purifying properties have long been known throughout the South-western States, where it is universally resorted to for the cure of Scrofula and Scrofulous Complaints, Erysipelas, Rheumatism, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Ringworm, Tetter, Boils, Carbuncles, Mercurial Diseases, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia or Indigestion, Liver Complaint, and indeed the Worst forms of Chronic Diseases arising from Impurity of the Blood.

This compound is the result of a great number of experiments, which have for many years been constantly prosecuted, with the view to attain the most perfect purification of the blood that can be produced. By the thorough purification of the blood, many complaints, manifesting themselves in different forms, are cured, which, if left to the full force of their disease, would terminate in the destruction of life. Many of these complaints are considered incurable, and, indeed, they are so, by the usual methods of practice. But when the blood is made pure and healthy, they disappear, because they have no longer any food to support them. Hence, when the system is thoroughly purified by this medicine, these diseases will surely leave us, and we may be restored to perfect health.

Although this is the best blood purifier known to the world, it is not to be expected that it will cure all the diseases to which the human flesh is heir. It will not cure Consumption, Fits, Insanity, Deafness, Blindness, Cancer, Tumors, Rheumatism, Gout, Paralysis, or a thousand other diseases that are beyond the reach of medicine. But it will cure all diseases arising from impurity of the blood, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of these many ranking disorders are prevented, that, if not thus expelled, in the fall of this season, spare themselves the pains of summer sickness. Multitudes can testify to the benefits which they receive from the use of this medicine, and the public health will suffer no ill itself, if we neglect to use the means within our reach to rid the system of the impurities which breed sickness and death. Keep the blood pure, and the health of the body will be preserved. Scrofula, in all its forms, and all diseases that arise from it, are driven from the system by this medicine. Internal ulcers are healed by it, and external sores are soon purified, cleansed, and healed under its use. Even where no particular disease is threatened, people enjoy better health, and live longer, for having purified their blood. Keep the blood pure, and you will feel and look like a person clothed in armor, against the ills of life. Such a protection is this compound to those who will use it. Scarcely a day passes over our head but the newspapers publish the death, often sudden, of some one who we know, or have known, could have been saved to usefulness by the timely use of this remedy.

Scrofulous sores, and diseases of the skin, the appearance of hereditary taint, or the exposure to contagion, are speedily dispelled by preparations of it, purify the blood in the system when all the virtues of the medicine are communicated entirely to it, contain but little of the virtues of the sarsaparilla in their composition.

During late years the public have been assisted by large bottles, containing a quart or pint, at the moderate price of one dollar. Most of these have been found worthless from the want, for they not only contained little of any Sarsaparilla, but often no curative properties whatever. Many, after using large bottles of Sarsaparilla without benefit, have been induced to try a single bottle of the Extract, and have been surprised to find how much more effectually the latter cured them.

PREPARED BY

DR. J. C. AYER & CO.,
LOWELL, MASS.

Price $1 per bottle; Six Bottles for $5.

AYER'S CHERRY PECTORAL

Has won for itself such a reputation for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to construct the evidence of its virtues into a pamphlet. All who need it know where to get it. As it has long been in constant use throughout this section, we refer to it only to assure the people its quality is kept up to the standard of its best days, and that it can be relied on to do for their relief all it has ever been found to do.

AYER'S CATHARTIC PILLS,

FOR THE CURE OF

Costiveness, Indigestion, Dyspepsia, Inactivity of the Liver, Foul Stomach, Headache, Rheumatism, Dysentery, and Slow Fevers, Loss of Appetite, Jaundice, Colic, Nervousness, Low Spirits, and all the symptoms of worms. Coat, Scrofula, or a Disordered State of the Stomach.

They are compounded, on the principles of Chemistry, from vegetable matter, and they are the best purgative that can be employed for the cleansing of the human system. Being sugar-coated, they are pleasant to take, and are the best aperient for children, while they are the most searching and thorough purifier of the blood, and cure the severest forms of disease arising from humors in the blood.

Price 25 Cents per Box; Five Boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen, and eminent persons have voluntarily made known to us the unparalleled excellence of these antidotes to disease, and have permitted us to publish the fact for their protection. These agents believe it to be their duty to make known to the people where they can find reliable remedies, and therefore present the following certificates, and invite others to do likewise, that the afflicted may know where to find the means of relief and cure. Let the sick suffer no longer. Let them not trifle with pills and potions, but use the remedies that cure, and be restored to health, and enjoy the blessing of life.

Also by all druggists everywhere.

L. MILLER'S.

HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND

FOR RESTORING GRAY HAIR to its original color, without dyeing, and promoting the hair from coming off.

FOR PREVENTING BALDNESS,

and curing it, when there is the least possibility of vitality in the roots or glands.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the flesh.

FOR BEAUTIFYING THE HAIR,

imparting to it an unequaled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this valuable preparation convince the proprietor that what still is only a matter of reputation will soon be a matter of the greatest notoriety. It requires but a trial of the Invigorator to prove its superiority over all other preparations for the hair. Those who have used it will not be induced to use any other, and those who have not will be induced to do so by the many testimonials in its favor, from persons of the highest respectability. It will effectually restore the hair to its original color, however long the period may have elapsed since it has changed, and it promotes a new growth where the hair is falling off, unless the roots of the hair are entirely destroyed by age or disease. It is perfectly free from any poisonous ingredients, and may be used by the most delicate lady, every appearance, as a preparation for dressing the hair, it is unequaled, and for the cure of the many scalp affections to which the human flesh is subject, it is invaluable. It is put up in bottles of three sizes, and sold by all druggists and fancy goods dealers throughout the United States and Canada.
