Dear Daddy:
Rather lost track of correspondence during last two weeks as the old Prof's have been piling on the work and I've been trying to do my share. Exam start Sat so from now until ^{two} ^{weeks} from now all I'll be doing is studying. Sounds awfully funny but I'm really serious. How can't you imagine me slaving over my books. You see after loafing all Semester I've got to do something to retrieve my lost conscience.

The same old routine in Ann Arbor. Everyone seems to be saving themselves for the J-Hop week end and from what I hear things will be happening. Our houseparty starts Friday and runs until Sunday and as a result we spend the first week of the new semester re-

cuperating.

Eddie Sandwick is going ^(Florida) south be-
tween semesters, not a bad trip,
but for all such trips I'd certainly
take one houseparty. His sister is
dancing at the Miami Belmont and
from the description he should have
a swell time.

Saw several girls from St. Rapids
in Ann Arbor last week-end. I
suppose they were down for the
Soph-Pran, a rather nice party
I hear, Jack went and had a swell
time. Sat next to Boyd and Jean
in the show Sat. night, not a
bad show but only the usual
stuff.

Dinner is almost ready, as the
first bell just rang so I'd better
sign off.
