INDIANS PANACEA.

FOR the cure of scrofula, or king's evil, cutaneous cancers, syphilitic and mercurial diseases, particularly ulcers and painful affections of the bones, ulcerated throat and nostrils, ulcers of the genitals, inveterate rheumatism, tetter or big gout, fever sores and internal abscesses, tubular, acrid head, scurvy, bites, chronic sore eyes, erysipelas, carbuncles, tumors, boils, scald head, ringworm, and all irregular cases, pain in the stomach and dyspepsia, proceeding from vitiation, affections of the liver, chronic inflammation of the kidneys and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious in the cure of inveterate diseases of the skin, such as blotches down by injudicious treatment or juvenile irregularities. In general terms, it is recommended in all those diseases which have their origin in the blood or vitiation of the humors, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its virtues from a long residence among the aborigines of this country, and it is a selection from the most approved and successful medicines which they use.—It is offered to the public by the proprietor, under the circumstances that he is placing within their reach a remedy capable of relieving many of his afflicted fellow-beings, who are suffering under the various distressing and painful complaints to which it is applicable. To such it will prove the means, and in many cases, the only means of relieving their suffering, and restoring them to health, comfort and happiness. This is not offered as a common remedy, that may purchase or be equally good with many others now in use, but as one which is capable of the most unquestionable evidence, when all the usual remedies fail. This it has done repeatedly, and this is the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many contagious diseases not here specified, and it has been used with wonderful success as a spring and fall medicine, by those who are subject to various complaints, and whose constitutions require invigorating. Whenever a diet drink is required, the Indian Panacea, prepared as directed, will answer all its purposes much less time, at less expence, and in a far more agreeable manner than the common diet drink.

The full wing certificate, out of hundreds similar which might be produced, are given to show the effect of the Indian Panacea in the various diseases above mentioned, and also to exhibit in the most satisfactory manner its superiority over other similar preparations:

Extract from the Cape of Hyperical Travels, &c.

Charleston, June 20, 1832.—That may certify that I was afflicted with a scrofulous disease for several years, during which time I employed the most eminent physicians in New York and Charleston, and also took several bottles of Swain's Panacea, but all without permanent benefit.—During the last winter I was induced to make use of Indian Panacea, which soon became so severe as to prevent my taking sufficient food to sustain life. I remained in this situation several days, everything rejected from my stomach, and my friends in a state of starvation, when, as a last resort, I had recourse to the Indian's Panacea, and found from it almost instant relief. I continued to use it, and in a few weeks I found my health restored as well as I have remained ever since.

COUGH REMEDY—Pectoral Paste of Dequesnie, Drug gist, new York—Of all the remedies that are used for the cure of coughs, none has ever obtained so much celebrity as the Pectoral Paste, at wesll here. The happy results obtained by its use in the most dangerous cases of the lungs and consumption, have rendered it invaluable.

That paste has the power of calming irritations of the lungs immediately, facilitates the expectoration, and stops the cough. It is one of the best remedies in colds, catarrhs, &c, which I would immediately to its effects. Physicians of the best standing in Paris have tested its efficacy in many cases, and have recommended it to us in all lung affections, and in cases of consumption it is the only remedy now known.

The above remedy can be obtained of M. Martin's, Drug gist, No. 171, Chartres st.
