BOYLEADAR, Pab. 27.—A private letter from St. Thomas, dated 30th January, addressed to a commercial house in this city, states that the Island of Ares, which belongs to Holland, has been taken possession of by a party of Americans, and that the Datch Government steamer, the Lynz, had been despatched from St. Thomas, in order to compail them to evacuate the island. The same papers that communicate this intelligence to the Dutten public contain a highly colored description of a ball given by Mr. Belmont, the Americas Minuster, to the royal family, and three bundred of the citiz o hen aristocracy in the Hages.
