## THE WAR.

We announced last week that Gen. Taylor had been created into Mexico. We regret to say that the report is not true. We were misled by a letter from Matamoras, which stated that Gen. Taylor had left Camargo on the 10th of April, and was on the road to Monterey. We have since been informed that he has not left Camargo, and will not leave there for some weeks. The delay is occasioned by the non-arrival of the Pennsylvania regiment, which was expected to have reached Camargo before this time. The Pennsylvania regiment is now at Brazos, and will probably reach Camargo in about a week from this time. The delay is occasioned by the non-arrival of the steamer Alabama, which was expected to have arrived at Brazos before this time. The Alabama has been detained by the non-arrival of the Pennsylvania regiment, and will probably not arrive at Brazos for some days.
