AYER'S CHERRY PECTORAL

Has won for itself such a reputation for the cure of colds, coughs, and all affections of the throat and lungs, that it is unnecessary for us to recount the virtues of this preparation in this community. All who have used it know that it is the best remedy for the cure of coughs that has ever been offered to the people. It is not only the best, but the most reliable. It may be depended on in the most critical cases, when the lungs are already hopelessly diseased, and when all other remedies have failed.
