

there-about take it from what their Forefathers had thrown away, and had lain long in the open Air. The use above mentioned being considerable, the person, who sent it, hath been intreated, to inform what quantities may be had of it, if there should be occasion to send for some.

*Of an Hungarian Bolus, of the same Effect with the Bolus Armenus.*

The same person gave notice also, that, besides the *Bolus Armenus*, and the *Terra Silesiaca*, there is an Earth to be found in Hungary about the River *Tockay*, thence called *Bolus Tockaviensis*, having as good effects in *Physick*, as either of the former two, and commended by experience in those parts, as much as it is by *Sennertus* out of *Crato*, for its goodness,

*Of the New American Whale-fishing about the Bermudas.*

Here follows a Relation, somewhat more divertising, than the precedent Accounts; which is about the new *Whale-fishing* in the *West-Indies* about the *Bermudas*, as it was delivered by an understanding and hardy Sea-man, who affirmed he had been at the killing work himself. His account, as far as remembered, was this; that though hitherto all Attempts of mastering the Whales of those Seas had been unsuccessful, by reason of the extraordinary fierceness and swiftness of these monstrous Animals; yet the enterprise being lately renewed, and such persons chosen and sent thither for the work, as were resolved not to be baffled by a Sea-monster, they did prosper so far in this undertaking, that, having been out at Sea, near the said Isle of *Bermudas*, seventeen times, and fastned their Weapons a dozen times, they killed in these expeditions 2 old Female-Whales, and 3 Cubs, whereof one of the old ones, from the head to the extremity of the Tail, was 88. Foot in length, by measure; its Tail being 23. Foot broad, the swimming Finn 26. Foot long, and the Gills three Foot long: having great bends underneath from the Nose to the Navil; upon her after-part, a Finn on the backs being within
