ROBT CLANNON, 46 Canal at.

Toughy many Nov. 17, 1848. By the arrival potential morning of the brig Hayne, from Havana, we have received files of pa-pers so the 6th issuant, inclusive. On that flay the British scamer rostebed Hayana from Vera Crus, bringing dates from the rise

Frinain accurate from that city to the 3md inst., and from Mexico to the 27th ult. From the Extra of the Fara Industrial and other sources we collect the fol-In consequence of the resignation of Messrs.

Pacheco and Rejon, Messrs. José Maria Lairagua
and Joaquim Ladron de Guévara have best appointd Ministers of Foreign Affairs and Justice.

The State of San Luis Potosi has pronounce gainst the Presidency of General Sales, requiring

On the 24th ult., Don Felix Rivas left Maxico fo ion from the Government. the many attempts made upon his life, withdraw on the 24th slt, from Mexico to Tacobaya, and established himself at the residence of Senor Flores. The majority of the permanent troops attached to the capital followed him to Tacabaya.

Santa Anna had unities from San I via averaging

Santa Anna had written from San Luis expressing

his entire astisfaction at the appointment of Mesers. Lafragua and Guevara. The letters interchanged between Santa Anna and Sales exibit the utmost harmony and concord of opinion in respect to the measures of the Government. From his head quarters at San Luis Potosi Santa Anna despatched his letter to Salas, in which he states that he had learned with great regret the insidious attempts of foreign emissi-ries to circulate reports creating the belief that Salas was to be deposed from the supreme executive power, and that the alarm that followed might have been attended with serious disturbances, but for the timely

One of the Havana papers states that news had been received at the city of Mexico on the 7th sit, that the forces of cavalry under Gen't. Romere, who General Rincon died at Jalapa on the 11th Octo-

The Mexican press contains the most absurd stories —such for instance, as that, out of 1,800 American troops at Mata noros, 1,500 were prostrated by the Yellow Fever.

ting all his forces at San Luis. His plan appears to be to offer no resistance to the company of Tampico, and to suffer the Americans to take the town, trustand to suffer the Americans to take the town, trust-ing that Taylor will be compelled to dismosther his array, by dividing it into small detachments for the purpose of garrisoning the fiestified places and advan-tageous surposts which he may capture. Salas, we hear, returned to Mexico on the 29 alt.

arrival of the Britannia. TEN DAYS LATER PROM BUROPE! The s'earnship Britannia, arrived at Hoson on the norming of the 7th inst., after a passage of seventeen

morning of the 7th inst., after a passage of arrestness days, having contended with rough and temperaturally weather nearly all the time. The dates from London are to the evening of the 19th, and trom Liverpool to the morning of the 20th.

The news by the Britannia is important. Cotton and breat suffic immediately advanced in price after the receipt of the Cambrin's news. Prices valid at the larest dates, in the British and other foreign markets very high, and large sales were made.

The distress in Ireland is increasing in severity.—
Food riots and agrarian astrassa have occurred in Food riots and agrarian sutrages have occurred in

Meetings have been held in Manchester and other needings may been held in Manchester and space towns, for petitioning the dovernment to open the ports for the free admission of foreign grain.

Trade in the manufacturing districts consumes very dull. In asymptoness short time is adopted. The quarterly return of the revenue shows an in-rease on the quarter of about-half a million sterling. Money is pleaty in London at 3 per cent. The prices of iron are fully maintained.

The two royal marriages were solemaised at Madidon the 16th ait.

Switzeriand, which met with success.

In France great compleints are made of the scarcity of food and the distress of the pensentry.

In Portugal there is a pulitical and financial grisis.

The steamer Cambria encountered very nevere weather on her homeward trip. She arrived at Livermond at an answer home on the lather by and he mail weather on her homeward trip. She arrived at Li-varpool at an early hour on the 14th ult. and her mail was distributed on the 15th edgy. The political news which she took out had an effect upon the stock mar-kets and Mexican bonds fell. The Commercial news

had a greater effect. The Cotton and grain anarkets

THE STEAMER GREAT BRITAIN .- All the attempts discovery of the plot. He adds that he is much gratified at the restoration of tranquility, and that he will take care that order is maintained, especially among the troops under his cemmand, who have no other thought then to struggle against the foe, and to fulfit their duties towards the country.

Dou Juan Alfonso has been appointed Spanish Vice-Consul at Guanajuato. derwriters refuse to pay these insurances on the ground that the vessel was lost through gross neglitriumph; particularly if the Americans are harmaned and cut up in detail by skirmishes and flying attacks.

Various private letters state positively that Santa Anna has issued orders requiring the troops stationed at Santilo to fall back upon San Lais Posssi.

One of the Havana papers states that news had

the excisable articles.

The Quart's Revenue.—The result of the revenue resum is satisfactory. The total insercans on the year ending October 10, after deducting decrease is 280,264, while that as the quarter is 280,265, while that as the quarter is 280,265, where it is not down at 2806,187; but the invase on the quarter, under the same head, is marrivequal, being 2862,472. The property—ax above on the year the large increase of 2805,531, and however on the year the large increase of 2805,531, and do not be quarter, also, a large increase of 2805,531, but the invasion of the previous decrease of 2805,031, and do not be quarter, also, a large increase of 2805,031, and do not be year and on the quarter, the figures being respectively 2182,717 and 2226,252.

Bank or Essland.—The return from the Bank of England, for the week ending the 10th of Gerober, gives the following results when compared with the return of the previous week:
