MEXICAN CONSULATE.
New Orleans, February 12, 1836.

To the Editor of the Bee:

Sir—In compliance to orders just received in this consulate from the honorable J. M Ortiz Monasterio, acting secretary of state to the republic, it becomes my duty to give publicity to the enclosed circular, addressed by his excellency the secretary of war and marine department, on the date of the 30th December ultimo, to all the civil and military commandants of the said republic.

I request of you, sir, to have the goodness to insert said document in your paper, as soon as convenient, and you will oblige your obedient servant,
F. PIZARRO MARTINEZ.
Mexican Consul.

MEXICO.
War and Navy Department.

Circular—The government has received information that, in the United States of North America, meetings are called for the avowed purpose of getting up and fitting out expeditions against the Republic of Mexico, in order to send assistance to the rebels, foster the civil war, and inflict upon our country all the calamities by which it is followed. In the United States, our ancient ally expeditions are now organized similar to that headed by the traitor Jose Antonio Mejia, and some have even set out for Texas. They have been furnished with every kind of ammunition by means of which the revolted colonists are enabled to resist and fight the nation from which they never have received but immense benefits. The government is also positively informed that these acts, condemned by the wisdom of the laws of the United States, are also reported by the general government with which the best intelligence and the greatest harmony still prevail. However, as these adventurers and speculators have succeeded in escaping the penalties inflicted by the laws of their own country, it becomes necessary to adopt measures for their punishment. His excellency the president ad interim, anxious to repress these aggressions which constitute not only an offence to the sovereignty of the Mexican nation, but also to an evident violation of international laws as they are generally adopted, has ordered the following decrees to be enforced.

1st. Foreigners landing on the coast of the republic or invading its territory by land, armed and with the intention of attacking our country, will be deemed pirates and dealt with as such, being citizens of no nation presently at war with the republic, and fighting under no recognised flag.

2nd. All foreigners who will import either by sea or land, in the places occupied by the rebels, either arms or ammunition of any kind for the use of them will be deemed pirates and punished as such.

I send you these decrees, that you may cause them to be fully executed.
