he most suited which we ever heard on the sub-

have been waited from the solicitude of our Alma the adjacent Islands, and the principal ports of Maier, and during that period we are not positive that our classical ideas have not also induced a slight cost of rust. Take Holodanes phrase, our motions of mythology may be somewhat in principal the Bishops of Tricals and Jerico, who had four contumney, to return to the country and resume their functions: the assurance which they have given, being satisfactory to the government. Mate-of the colliners to Moreory. The question of proper to arising between Jove and Morcary, is not, however, of stifficient importance to originate a dis-

Several buildings at Trinity was fire on the agen uit, at 4 o'clock A. M. The loss is estimated from 90 to 22,000 dollars, on which is the Philadelphia, also sustained a leavy lost of several runks of jewelry, with which he had stopped at a Me bb's to spend the night. Nothing was saved vot of the clothing or papers.

of Representations.—Yesterday the speaker laid before the House the report of the State Frea-ures, which, with the accompanying docureasurer, which, with the accompanying deci-ments, was ordered to be priated. The speaker like-wise laid-before the House, a petition of Remard. Marigny, paying that the election of Samuel D. Dixon might be annulled, and his seat as represen-tative in that flouse, from the Parish of New Oreans, diclared vacant, for reasons stated in said pe-ition; this petition, on motion of Mr. McCounell, was referred to the committee on elections, of which nittee Mr. Moore is Chairman. Mr. McConnell introduced a resolution, having for its object, to petition the General Government to refer barracks for the quarters of the U. Thoops that may be stationed in the city of New Orleans. A motion was made by Mr. Lallande, to lay the same on the table, are enabled to accomplish their first (or arowand was lost by the casting vote of the Speaker. ed) object, we shall, I believe, have a change of The resolution being before the House, several Government. I have this moment been inform-The resolution being before the House, several amendments were proposed, among which was one proposed by Mr. Mazareau, that the said barrachs should be erected in the Cypress Swamps. A long discussion ensued, in which Messel. Mazureau and Allard, indulged in strong and bitter language figurest the General Government, Inductors and the first separation of the long strong and bitter language figurest the General Government, Inductors and the language figurest the General Government, Inductors and the language figurest the General Government, Inductors and the first separation of the language figurest the General Government and defended the language figurest the first separation of the language side, language figures and language figures are separation of the language side, lan proposed by Mr. Mazareau, that the said barachs should be erected in the Cypress Swamps. A long discussion ensued, in which the said barachs should be erected in the Cypress Swamps. A long discussion ensued, in which the said sagnist the fire ountryment.—If this report is correct, the insurgents are like a like and the said served in the Cypress Swamps. A long discussion ensued, in which the said sagnist the General Government, as well as the resolution premote of a few hours."
