## HE BEE.

JEROME BAYON. STATE PRINTER.

THE UNION—IT MUST BE PRESERVED. " TORSDAY MORNING, OUT \$4, 1832.

## FOR COVERNOR B. DAWSON. OHN H. HOLLAND.

FOR CONGRESS: Market CHARLES CAYARRE'. Morice-JAMES M. BRADFORD.

the dat of the Legislature, approved 14th March 1989.
"Ager. 5. And the it further spaced, That

her trine between our city and Mabile, and as another bost easonably anticipate a little more regularity in the re coupt of the mails than we have hitherto had.

The steamer Peruvian, snagged and sunk, at Natches Island; she had a full cargo of poultry, asserted produce and some cotton, the principal part of which will be saved; she is sunk up to her boilers; nine feet water at the eteam. The Chippewa took from the wisck 233 bis. four.
All her deck load had been got off, and men were employed in taking out the large in the hold.

aptain Blackford, of steamer Chippewa, states that he nformed, by the proprietor of a wood yard, that the stonmer Rapide, from Natchitoches, for this port, with a full cargo of cotton, had sunk, in Red River, near the mth. Did not know the particulars,

orning journal of Tuesday last, with its usual characteristic regard to truth, says, \*

"The Jackson party have sustained a Waterloo defeat the late elections in Maryland."

Ha! Is it so! Where pray did you get yo from Our papers inform us of a result quite the reverse! most triumphantly. Out of the whole delegation chosen to congress, two only are anti-Jackson, or opposiof the present administration. But, perhaps, our id, as it is derived from a democratic paper. What

give him a corrupt and servile house of commons—I will give him a full exting of the patronage of his office—I will give him at a full exting of the patronage of his office—I will give him at the power that place can confer upon him, to purchase up submission, and overage resistance; and yet, armould with the tiberty of the press, I will go forth to meet him undismayed; I will statick with the mightier engine the mighty three to him raised; I will shake down from its height chromata, and bury it beneath the min of the abused him to the mighty of the press, I will give a good seconds of the press, I will give a good seconds of the province are left open to them, and the convergence and bury it beneath the min of the abused him to the might chromata and bury it beneath the min of the abused him to the might chromata to the province are left open to them, and the convergence and bury it beneath the min of the abused him to the might chromata to the province are left open to them, and the convergence and the morther province are left open to them, and the convergence and the morther province are left open to them, and the convergence and the morther province are left open to them, and the convergence and the morther province are left open to them, and the convergence and the morther province are left open to them, and the might obtain a good second of the province are left open to them, and the morther province are left open to them, and the morther province are left open to them, and the morther province are left open to them.

INTERMENTS IN THIS OITY:

Out at Catholic Counciery 18 Prove and Cem. 5

If delays have occurred, it was ewing to the ward of dipoles of provisions; but the country is roused, and the province are left open to them.

ONE DAY LATER. "

We are indebted to Capt. Garsworn, of the packet al

\*Arr. 5. And the it further exacted. That the liayor and Recorder shall be chosen from among the citizens who are heads of families, and resident within the city at the time of they election, and possess the other dualifications required by the existing laws.

Follow citizens, if the law requires this use condition in completing the eligibility of a cundidate for the place of Mayor, judge if respect for public manners and morals, does not more imperiously exact that it should be found in a candidate for the office of Governor.

THETY-FIVE DOLLARS reward will be paid on demand to the first paper, among far. Pricur's three organs, the Marcardie detection, that will give us positive information as to the dest between the Marcardie of Louisians and the Louisians the Marcardie, that will give us positive information as to the fast buttless of the place of the young Queen is to like Louisians the Marcardie. Aftertiser, and the Louisians the Marcardie detection in the market. Till the reports arrive from the other detection on the sum last quoted in the instant. They state that the same the Marcardie, that will give us positive information as to the fast buttless of the 1st inst. They state that the last of the place of the young Queen is to like Loudon previously to her final denarture for Liabon.

We are requested to announce E. A. CANON, seq. as suitable person to fill the place of recorder, at the spreading election.

The meccanity of having a relorder for our city must have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have been evident to our legislators, or they never would have a country.

The factions at Lloyd's continue to be of a fligastrous gales. In addition to the dreadful loss of the Amphitrite convict ship, fear Belongie, as reported by our cotsumporary, the Ama and Amelia, on the successor. The Captain (Compton) writes that it will become a table worch, and mention the loss of Mr. Skelton, Mr. Ruelt, the Surgeon, one midshipman, (acme pot stated) and two seamen, who

preside over puence is, we at out of four think that our part of which toy with their public distion, and our client, and clie

"Reaspase have come in official and otherwise, inclinated to show that the Jackson purty have gone to the polls with the secusioned vigilance, and that the national republishes have exhibited an indifference and supineness altogother anparalleled.

"From present appearances, we should judge that the consequence has been such a loss of power on the part of the treaty of Vi sna to be considered as actions argument, the stationals, and such a gain on the cities side," etc. etc. Oit hot we trust that our party may always spect with such "Waterloo defeats!" Caussionable whether the people of Louisiana will not give general Decease such an one in the cities of a public districts of the stational of the consequence has been such a loss of power on the part of the sationals, and such a gain on the cities side," etc. etc. Oit hot we trust that our party may always spect with such "Waterloo defeats!" Caussionable whether the people of Louisiana will not give general Decease such an one in the cities side," etc. etc. Oit hot we trust that our party may always such that the such "Waterloo defeats!" Caussionable whether the people of Louisiana will not give general Decease such as one fivolous party in Philadelphia, the compliment of a public dismoer in Baltimore which he has, under some fivolous presence, declined. The table erstock has given up eating public dinners, finding that they avail nothing in helping a man to the presidency!

The democratic party in Philadelphia, the serve the high-set knows. They cannot be brisked, bought, nor sold by entrance to the construction of the described way flant party in Philadelphia, the results of years and the construction of the described way flant party in Philadelphia, the results of years and the construction of 1830.

Present the float party is Philadelphia, the results of years and the present of the present of the party of the Polish people? It is have been always to the present of the ne share in the creation of that Kingdom, and have now consequently no right to exercise any control over the con-

Sundred men, who, for each of appearances, was guarding the nearest lines. They retreated, pursuant to calculate the Pedroites advanced, and took up a position on the Tamere. I will mega. Thus the whole of the Oporto district is left without

for dispots of previsions; but the country is toused, and the beamats were bringing in all the supplies they could. The approach of this army to Liabon is now known. The spirits of the Oporto army is represented as being the best by those who lately saw it; and as to Bourmont's pledges, a we may daily expect to hear of the attack, it is not for us to speak.—bur. of Commerce.

London, September S.

We insert below a protest of the Duke of Weitington against the bill for the emancipation of the negro staves in our colonies, in which his Grace has been fortunate to find three other nob's bods intrapid chough to join him.

PROTEST OF HIS GRACE THE DUKE OF WEL-

LINGTON AGAINST THE WEST INDIA SLAVERY BILL. 30th August, 1933.

Ist. Because it is attempted by this bill to emancipate a nation of shaves not prepared by a previous course of education, of religious instruction, or of training to habits of insurery, or of social intercourse, for the position in which they will be placed in sociaty.

It Recause the value, as possessions of the Crown of Great Britishs, of the colonic s in which those negroes are located, as well as the value of their estates to the proprietors and colonists, depends upon the labour of the negroes to obtain the valuable produce of the soil—sagar—whether he shaves, as apprenticed or as force labourers for him.

he related in the valuable produce of the soil—segar—whether he related in a sporenticed or as free labourers for him.

3d Because the experience of all times and of all satisfue, particularly that of modern times, and in our own colonized and in St Domingo, has proved that men uncivilized, and the liberty to sabour or not as they please, will not work for him at regular agricultural labour in the low grounds with in the tropics; quert the example of the United States—a country but think peopled in proportion to its extent and fertility, and always in want of hands—has shown that keen in many temperate climates the labour of emaccipated agrees could not be relied upon for the cultivation of the smancipated negroes themselves, required that they should be removed elsewhere.

Ath Because the number of negrois on the several is-lands and sottlements on the continent of America in which they are locally is so small in proportion to the extent of the country which the decupy, and the fertility of the is so great, all the property of the solid inviting to exertion and little inviting to exertion and locally is so favourable to segu-tion and the growth of all descriptions of the produce the earth, that it cannot be expected that these emancing ted slaves, thus uneducated and untrained, will be indeed to work for him.

ted staves, thus uncountered to work for hire.

Sth Because upon this speculation depends the value a capital of sot less than 200,000,000t. sterling, including therein the forturies and existence, in a state of independence, of thousands of colonists and proprietors of estates if the colonies—the trade of the country—the employment of the colonies—the trade of the country—the employment of the colonies—the state of the colonies—the colonies—the state of the colonies—the state of the colonies—the colonies—t

lais, and went instantly to pisses, and out of a crow of 25 persons 19 were drowned. The Hall Packet, of Newcas lie, with coals, was also on shore near Calsir. The Amphirite, with female passengers to Van Diemon's Land, went on shore near Bouleges, and out of 133 persons only three were saved. The Am Amolia, East Indiaman, from Calculta, went on shore, and was wrecked near Liajdos—crow level, all except four. The area of the Ground win Sands is the gule. The Liberty collicr, of Dovor, has come in much damaged.

Chalera & Belgeson.—The Monitaur Belge announces that the cholera contistue to rage at Wildebrock. The first the cholera contistue to rage at Wildebrock. The first the cholera contistue to rage at Wildebrock. The mass disorder has lafely appeared to six alaxaning extent in the House of Correct on at St. Bernard, and in the Military Prison at Alost. All mossures calculated to check the programs of the district went inmediately taken in those places, and had happily shoteal the intensity of the discress. Bursulta, Aug. 30.—Accounts from the camp at Castians as y that the ophthalmin pressits to an alarming degrac; of 4000 men new in the camp, alove 400 are afflicted with this disorder, the neighboring hospitals are insufficient to contain them, and it is necessary to send those who are the most slightly afforcist to a considerable distance.

Pairs, Aug. 31.—The Journal des de hats says that the presentation of Lord William Russell's letters of credence does not morely recognize Queon Douna Maria, since her colvainty de jure was long since acknowledged, but places her let the direct enjoyagenet of all the salut ry treaties by which Eagland is bound to protect Portugal from the attacks of Bouspoot or any other foreigner.

Fearwerest, Aug. 37.—The Journal des de hats says that the presentation of a protect house of protect in the salut ry treaties of artificient. The protect proprietors of setates in the colonies has been designed to no morely recognize Queon Douna Maria, since her colonies has been despendent

efficient.
The root night begindances are figured to enact have to easy into execution these measures under paining the less by propietors of shaves in the colonide winds, participation of the compensation held out by the hill, in case these laive

principle whole sum held out, and that according not be whole sum held out, and that according principle which is considered by many of the colonial properties to be partial and sujust. This distribution having been made and agreed to, the detailed distribution to each been made and agreed to, the detailed distribution to each been made and agreed to, the detailed distribution to each been made and agreed to, the detailed distribution bearing the first to the remaining pointed lederal party, who still cherish the venom of that aplean which was engendered by defeat and discomfiture, and the contract of the composition of the contract of the composition of the contract of the composition of the contract of the cap. 105, by the first clause of the bill, to the colonies, is not necessary for the apprentionship and emancipation of the slaves in the colonies; it is not justified by any thing the Bas passed; and will be considered by the colonial legisla-tures as a grantificus injury, and a branch of their indepen-dent authority as provided by the acts of 1773, and respect

WELLINGTON, ST. VINCENT, PENSHURST, WN TFORD.

NEW YORK, ect 9.

FROM JAMAICA AND COLOMBIA.

By the ship John W. Cater, we have received Kingston papers to Sept. 10th, and the beig Mary, Montego Bay papers to the 14th, The Jameica Gurrent has cessed to exist. The papers before us contain no news, except the samexed letter from Carthageaa. We have before published some account of the conspiracy at Bogota.

Carthageaa, Aug us 35, 1833.

On the 22d of last month Gen. Santander was apprised that a conspiracy was planned against the government. NEW YORK, oct \$.

series and triving the property of the control of the property of the property of the property of the control of the property of the prope

The commandant of Arms of that province, (one defined in mind, that tests such fastions Jose Maria Garetan) has arrived here, having run away price and value of memy this having heen proved he was the person that sent a man on borseback with a blunderbus loaded with 15 to 20 bills horsenack with a prenderdam readed with 19 to 30 walts which was discharged some time ago in a ball room, while the ladies and gestlean m wors denoing. In consequence of all the events mentioned trade is very dall and at a stand, very little money in circulation.

which did defile the table cloth of worthy MIT. DURING, as the Mansion House hotel.

"Having despatched my lotters," says the colonel, "and the mersing being seet, I remained at home busied in throwing together memoranda of such metters as appeared worthy schoold—Quere—the eggs, the fragments of fish, and the speat mustard post "My labors, however, were seen integrated.

Several gentlemen who had heard of my arrived through the medium of my fellow passengers, but on whole evilities I had no claim, did me the henor to call speak evilities I had no claim, did me the henor to call a speak evilities. I had no claim, did me the henor to call the services."

This happened the morning after the services." lishman; pamper him with offers of services, feastings, and attentions, ustil he actually fancies himself a great man, and that this phontaneous conflicts of five on the part of them is a service concernence.

one might support when they find the

the laughter of their fellow citizens.

We should scarcely have noticed this fible of running rers, without regard to their clair

requence, by doing the honors of the city to strongers.

These form a rempart around the distinguished tourist;
monopolize his time, and instill into him all those exploded monopoints his time, and initial into him fill hose exploded calumnies, which none but an ignorant stranger can be brought to believe. In this way, they play upon his creatility, impose on his inexperience, and help him to ample materials for misrepresenting the people, the country and in Concernment.

in Government.

On leaving N. York, he takes letters from these people to people of the same class in Philadelphia, Balvimore, Beston, and wherever else he gase. The same libels against the people and their institutions, are again instilled into the people and their institutions, are again instilled into him, and the same prejudices inculcated, by persons malignant enough to slander their countrymen in revenge for political disuppointments, and mean enough to administer to the pride and prejudices of an Englishman by flattering his country at the expense of their own. In this way the traveller goes through the clues of the United States, seeing but one class; associating but with the antiquated remnants of a discomfitted, defeated political party, or the romains of a knot of old tories, who still cherish the yoke of English supremacy, and cannot shake off the colonial feeling of the olden time, when the most enlightened of our people cherished even more than the veceration of Mr. Rush for rank and title in England. He sees nothing of the people of this country—the independent farmers—the equally independent mechanics—the laboring classes, who constitute the American nation, and the returnate his country, to make a book about a people, of whom he knows on-

Another lotter says, the advance in cotion on the days of briskness, was 8 at sooil. A small lot of Orlean bought of briskness, was 8 at sooil. A small lot of Orlean bought of briskness, was 8 at sooil. A small lot of Orlean bought in the second state of the state

by have may using directly to do with the but we do mean that they have a great deal things as the raw material gives "form and Let us illustrate: A tew years ago, no genthe colonel says, "left we no room to regret the voluntary lies, that one of their number."

In order the more fully to appreciate this compliment, it may be necessary to state what the colonel pressess in the second chapter of his valuable work. He says, that on arriving in Niw York, he found himself embarrassed by the number of his letters of introduction, and consulted a friend well versed in the pedigrees of our worthy citizens, to know which of the persons to whom they were addressed to know which of the persons to whom they were addressed to know which of the persons to whom they were addressed and of the enteriors, if we rightly comprehend the precedure of the intensity of the persons, it is colonel selected a certain number of the extension, if we rightly comprehend the precedure of the intensity of the persons, it is colonel selected a certain number of the extension, if we rightly comprehend the precedure of the intensity of the persons of the persons and of the selected a certain number of the colonel acknowledges with sech examplary that the colonel acknowledges with sech examplary that the colonel acknowledges with sech examplary that the still more sensible to his mode of testifying his grateful recolorion of their attestions. We mean those are things but it will be, we apprehend, with a much
