LEGAL ADVERTISION

6 of and covered with our particle tenope. Finding however, the second control of the secon

that must engage the attention of Gongress are the war, and the question of new territory with which it is linked. Out of this latter issue will some a large portion of time, and excite discussions of the highest interest. In regard to the and the failure of negotiations with Mexico

and the father of negotiations with Mexico, with the consequences that must follow represed hostidies, strengthens our belief that both parces—with few and insignificant exceptions—without or noting men and means for the speedy and effective reinforcement of the living. The home of contention will be found in the collinearities are growing out of the what, and particularly in the question of annexing a part of the Mexican domain. In these subjects lighter the germ of sectional and political discord, and a recollection of the wranging and lifefieling which they cheated at the last session, will prepare the observer for a repition of an empiatered controversy, in which geographical themarcations will divide men far more than partizan distinctions.

bjugation of the whole country, or c Government in prosecuting the warrand then two short knew the extent of as claim upon the ins know the views of the prosecuting the war, and then 5 propert r sympathy and co-operation. Further from Mexico.

LATER PROM MEXICO. Highly important.

By the arrival last night of the U. S. steam-ship Fashion, Capt. Ivy, from Vera Cruz, which port she left on the 7th instant, via. Tampico, whence she sailed on the 9th; we have received full files of the Genius of Liberty, and advices from the city of Mexico, confirmatory of almost coming from that quarter, in the shape of ru-mors or contradictory news.

In the accounts which we published, some

comb say of Mr. Wise, will remain as Charge de Affa...es. days ago, of the taking of the city of Mexico by the troops under General Scott, it was stated that the Leperos had risen es messes against the Mr. Wise will be ready to sail for the United States about the 1st of Steptember. The Brazilians aire doing all kinds of things to bring the merelves in trooble.

The United States ship Columbia, Capt. Ritchie, bearing the broad benuant of Commodore Rouseau, was at Rio. All well.

Health of the President is much the shapp to state that the President is much better, and was for several hours to-day in contents.

have suffered execution.

Our readers will find their hope deceived it Our readers will find their hope deceived it they expected to hear a full and detailed account of the movements of General Scott and our brave army. The papers from Vera Cruz and Tampico only contain some very crude reports, the main part being a repetition of unfounded appears and the second of the contains and the second of the second ramors; some without a shadow of probability Thus we see that Santa Anna is reported ash

ing at Orizaba, with a few stragglers, waiting a favorable opportunity to embark for Europe.

An intelligent correspondent writes from Vera Cruz, October 5th, that they are withou any news from Mexico, except in the shape very contradictory rumouse, which summed a ogether, do not mean anything.
The whole 1st Massachusetta Regie

Cruz. General Lane had reached Jalapa, or General Patterson had given orders to dismount from the Capital.

General Patterson had given orders to dismount from the Castle of San Juan de Ulus, the brass cannon mounted on the remparts, in all quite healthy; but there were some 90 seamen, on the sick list, at Sacrificips.

We give below the most interesting extracts that we could find in the Vera Cruz papers, though it would be difficult to rectneile some We learn from a very reliable asurce that Paredes accing that it was impossible to check the progress of the Americans, or in any way
