THE ASIA'S NEWS. The American steamship Asia arrived at New York on the morning of the 23d oil.— Muck of her intelligence has been anticipated

the haif round works, behind which the enemy shell erd duringel, and kept up a directage of shot uson our columns, so that, in spite of the brillant wor of our new, so that, in spite of the brillant wor of our the place. The enemy persist in the defence with constance. It has been impossible to wood burning a large portion of the city. These events will not exercise any decisive influence upon the progress of the war. Our loss I estimate at from 200 to 300 men, killed and wounded. Further intelligence shall be communicated on this subject as soon as the necessary lists can be prepared. At present I can only say that the loss has been greated, proportionally in officers. The factly initially included on the enemy's works. This result has not acted injuriously on the spirit of the troops, and I hope with as lattle influence on that of the nation.

WILLISK, Com in Chief."

Altona letters state that the loss above spoken of was nearer 500 than 300 men.

Constarting Reaction — Sher flag Frends.—

Who is Ried Eaq., the late Whig candidate for Destrict (Attorney of Philadeliphia city and county, in about to content the election of Mr. Kneass, Democrat, his successful competitor; and if his allegations, filed in the Court of Quarties where the lower part as a store to the work has allegations, better counties the election of Mr. Kneass, Democrat, his successful competitor; and if his allegations, filed in the Court of Quarties where the lower part as a store to the work has associated in the Court of Quarties where the lower part as a store to the work has associated to the other part as a store of the work has associated to the work has a stored to the work has associated to the work has associated to the work has associated to the work has asso

The steamer Crescent, up yesterday, reports having passed two boats aground between this cay and Memphis. The Griffith Yeatinna at Pourn Pourt, and the Atlantic at Herculaneum bar. The Yeatinnan was out of the channel, and it was thought with a continuity of the Crescent apent several fours polling at the Atlantic, but was anable to releve her in the least. The officers of the Crescent report but five feet nine inches water in the channel from this to Caire, and failing. N. Louis Republican, 24th.

FOULATION OF BALTIMORE.—From the re-turns already made by the censos-takes, it is pretty well ascertained that the population of Baltimore will be found to be not less than one hundred and eighly thousand, and there is a reasonable probability that it may reach even one handred and eighty-five thousand. At the

COMMERCIAL.

The Markets.

The address, which we shall soon publish, is an appeal to the curzens of New York on the constitution proposed by a convention of the United States, for their future government in 1737. It is brief, yet fall of intercet—curcies, yet largely charged with parinoisms and practical common sense, and important for its views with respect to the sacred nature of the Union. N. Y. Herald.

Mayor Daposed—James Curties, Mayor of Chicago, hanbeen deposed by the City Council, and A. S. Sherman elected in his stead. He relied to sign certain boilds, prepared by order of the Council, and this was the punishment for his continumacy.

The Kalamaro Catastrours—We (sum by the Chicago Journal, that the cause of the deaths at a dinner party in Kalamaro, has been traced to the fact that a bottle of corrolistic religious and an author to the continumacy.

Citton is common graphity to mathet a tire and thus react and thus requiring sing or each account fact the requiring the production of the requiring time prevents and thus requiring the greated particular to make the greater portion of the Cotton grow ment required to sign certain boilds, prepared by order of the Council, and this was the punishment by the Chicago Journal, that the cause of the deaths at a dinner party in Kalamaro, has been traced to the fact that a bottle of corrolistic required to create the section of the continumacy.

CITTON—Arrived makes the fact that a bottle of corrolistic reports the continumacy and they are now only 100,000 bales in sections of the continumacy.

CONTINUM ARRIVED and the requirement and thus requirement to make a consisting the greater portion of the Cotton grow makes and thous requirement the greater portion of the Cotton grow mentals and the prepared provided the greater portion of the Cotton grow mentals and the greater portion of the Cotton grow mentals and the greater portion of the Cotton grow mentals and the greater portion of the Cotton grow mentals and the greater portion of the Cotton grow mentals and the greater portion of the Cot the estimates of their more moderate neighbors.
