

is no God, no Adam, no Christ, no 'death', and no 'life.' All came from matter and all goes back to matter. They do not understand that matter goes back to matter and the spirit goes back to God. God's creation could not have been igneous rock, sponges and seaweeds only. God could not have created igneous rock in the U.S.A or in Africa or even in Asia or elsewhere only. Igneous rock is the oldest and the foundation rock of the world, according to them. It changes form and mineral content over time; and fossils may be deposited to form sedimentary rock, and sedimentary or igneous changes to form metamorphic rock. The truth is that God created the three types of rocks but their formation is physical just as God created Adam and formed him physically with clay (a metamorphic rock; a changed rock).

Now, let us attempt this geological time table using Biblical evidence. According to 2Peter chapter 3 verse 8, God's 1 day is equal to man's 1000 years. Then, **6 days of creation will be equal to 6000 years.** Remember, **Adam was formed on day 6 (6000th year of creation).** That was the year 4004BC. Adam gave birth to Seth in his image and likeness in the year 3874BC (130 years after his creation). Now, 6000 years plus 130 years will be equal to 6130 years. At the time when Seth was born, the world was 6130 years old while man was 130 years old. Remember, Seth was born in 3874BC. Noah was born in 2948BC. So, the age difference between Seth and Noah is 926 years. This means that at the birth of Noah the earth was 6130 years plus 926 years. This is equal to 7056 years. This means that at the birth of Noah the world was 7056 years old while man was 130 years plus 926 years, that is 1056 years old. Again, **Abraham was born in the year 1996BC.** That was 952 years after Noah. The world's age then became 7056 years plus 952 years. That is 8008 years while the age of man was 1056 years plus 952 years, that became 2008 years old. **From Abraham to the birth of Christ was 1996 years** (1996BC to 1AD). So, the age of the world would be 8008 years plus 1996 years. This gives 10004 years, the age of the world at the birth of Christ (2011 years ago), while the age of man at the birth of Christ would be 2008 years plus 1996 years. That was 4004 years of man's creation. This implies that Jesus Christ came 4004 years after the creation of Adam. **This was the middle of the ages when Habakkuk had prophesied in Habakkuk 3 the coming of the lord would be.** This implies that man has another 4004 years to His second coming. However, man has spent more than half this time. Man has already spent about 2011 years. If you add 2011 years to the already stated age of the world (10004 years plus 2011 years), you will have 12015 years while the age of man would have been (4004 plus 2011 ) 6015 years. This is to say that the world is about 12015 years and man about 6015 years old as at 2011AD.

Yes, man has already spent 2011 years of the second 4004 years. Man has 1993 years left. The age of man would be 8008 years while the age of the world would be 14008 years. This is the expected end but the fig owner shall tarry for another 4004 years to make the age of man 12012 years and the world 18012 years. This is when the sings and wonders shall begin. However, the Watch Tower Bible and Tract Society of Pennsylvania (2007) has it that Jesus Christ gave his life for us 1,974 + 4 years ago. This means that he was born about 2007 (1974 plus 30 plus 3) years ago. Then, according to Barnabas in the Lost Books of the Bible (1979), in 6000 years God created the world and in 6000 years shall come the end of all things. This implies that this would have ended some 15 years ago. That is, 4004 years from Adam to Christ plus 2011 years (the birth of Christ to the present day, 2011). The opinion of the author is that the signs are yet started because of his love, he tarries for us as he calls us to repentance.

Again Christ had said that he would destroy the temple and rebuild it in three days. By this He meant His body which He did accomplish. He gave up himself to death and had life after three days. Christ destroyed the evil works of man in the very first quarter of 'this' 4004 years. That, he did when the veil in the temple got turn in two. The old man He destroyed while the new part He had gone to rebuild. It will take Him three-quarters of 4004 years to accomplish that. Then, the end will begin after another 4004 years when the white horse shall be ridden to conquer. Then, the red, pale and black horses come.
