Genuine LE ROY,

DRUG STORE OF COTTIN, HIS SON-IN-LAW,

SEINE STREET, 51, PARIS.

LE ROY'S CURATIVE METHOD is founded on the principle that all diseases are brought about by a change in the HUMORS of the system, and that the expulsion of the same is followed by a cure. In order to accomplish this object, PURGATIVES must be frequently resorted to as the best means of success, and experience has proved that among all purgatives, those known as Le Roy's are the most efficacious, their immense reputation therefore, has awakened the CUPIDITY of numerous COUNTERFEITERS, who do not hesitate to offer to the public, either at retail or in bottles imitating ours, FALSIFIED and dangerous preparations. Patients must consequently be on their guard, and their particular attention is called to the following notice:

Those VIALS only are GENUINE which contain about a quarter of a pint, from COTTIN'S DRUG STORE, with a NOTICE giving directions and representing: 1st. The words PHARMACIE COTTIN, in the glass and seal; 2d. A printed label on yellow paper with the words in white: PURGATIF LE ROY; 3d. The signature and L. Roy's stamp. 3d. Lastly and 4. All the bottles must bear, between the cork and the paper bearing the seal, a label printed in yellow with the stamps of LE ROY, COTTIN and PIGNORET, and on Cottin's the IMPERIAL STAMP of the French Government.
