DENTISTRY.—By a new method at one sitting Dr. ACHILLE LION, Dentist of the Faculty of Paris, inserts from one to six artificial teeth, which he will warrant to last for ten years. The guarantee is limited to the six front teeth of the upper jaw—the others being inserted in the usual manner.

Dr. L. has been but one office in the city, No. 106 Royal street, between St. Louis and Conti streets, where he may be seen every day.

Consultations and operations for diseases of the mouth.
my4

PLATINA CEMENT.

DR. ACHILLE LION, Dentist, of the Faculty of Paris, after many researches, has discovered this valuable composition, which he applies with the utmost success in plugging decayed teeth, and eradicating tooth-ache. The composition of the Platina Cement, which is entirely mineral, is incorruptible; it does not cake, dissolves in liquid state, and speedily acquires the hardness and consistency of the enamel of the tooth when in its purity. It will last for many years, not only as a preservative of the tooth, but also to render it attention unnecessary.

Apply at No. 106 Royal street, between Conti and St. Louis streets, fronting the Louisiana State Bank.
