DYEING AND SCOURING IN GENERAL.

NOTICE—Messrs MONDELET & Co., have the honor to inform the public, that on the 1st June next, they will open, at No 1845 Chartres street, opposite the Orleans Hotel, A DYEING AND SCOURING Establishment.

The knowledge they have acquired of this art, by many years labor in the first houses in Paris, and by a diligent study of chemistry applied to dying, induces them to hope that no hesitation will be felt in entrusting to them the most valuable articles either for dying or scouring, convinced as they are that such articles will be as carefully and properly attended to as at Paris. Those who may honor them with their confidence will be convinced of their skill by the care and elegance of their work, and by the finish imparted to it.

They dye and scour all kinds of articles, such as silk, merinos, mousseline laines, cashmeres, crapes, tulle, velvet plain or figured, straw hats, furniture covers, carpets, church ornaments, ball and theatrical costumes; silk and thread gloves, silk stockings; they clean silk dresses without changing the colors. By new chemical processes they restore to silk, laines, jaconets and print dresses, giving them the appearance of new materials. They clean and dye kid gloves of all kinds of leather, gentlemen's clothes without injuring them, and giving them all the neatness of new article. They dye clothing black for mourning in twenty-four hours, and warrant the cleanliness of the colors—They likewise re-dye black stuffs, giving them various colors.
