## THE DAILY BEE.

f the New York papers the Timesone of the New York papers the Finness appears glo, maly of the prespect of municipal reform. It predicts the failure of every measured for the appreasant of rascality and perulation, oreseeing that the tax-payers will not sever their political associations, and combine together for the purpose of custing dishunesty and incompetence, and elevating integrity and capability to office. The Times, reviewing these abortive efforts, are not at the conclusion that self-government.

ter lice. New York, it may be, is an every in no the general rule. She is the centre of an inguence foreign immigration. She inwarms with ignorance, brutality and preju-dice. The seeting masses of her semi pau-per population outnumber the sober and posed citizens. Reform there is cor reseedly an arduous task, only to be achieved, if at all, by resolute effort, by sport of self-abnegation, and by a strict an

even say possing the reason assigned by on your York codemorary to be a true one shere, we would ask is the remedy? Note into the would ask is the remedy? Note into the wood that the Legislature of low York will venture to restrict the populations of the read to the property of the read of such as a supergradient of the read to the property of the read of such as a supergradient of the read of the property of the read of the read of the property of the read of the r a stemm duty of those member of position which hid heavy stakes in the community, and whose property and salely depend upon sound laws well administered, to become the cust-dians of the lom, and to interpose whenever they free form, and to interpose whenever they behold it in the point of degenerating offhorizer. There are always good citiesenough to keep d withe bod, and to restore
a tottering admit stration to its equilibrium. If they horego it is sorred obligation, and
suffer levelosmoss, violence and crime to
subverticate, true in 19 and sound in rabthe factors theirs. There is no human insttion in a soundly perfect, and more that dosinterprete to be waithed with earnest and
in material horizon. The right of suffrage is
them is tograther power in the State, for it
to do up or puts down our rulers and the
systems. Hence the recessing of directing
action are ong its puter j, and occasionally
of a more by a sold subding it by the same
might wereasy. Nothing can be more evident. cit, mosting and subdicing it by the sam-mighty alone, N thing can be more exident train that it will work irreparable misched it are mised to those who employ it ignorantly said free keesly, and this is practically what follows when the wealth, the respectability and the integence of a great only keep alone in the struckles of contending for ons, at, I suffer the paramount interests the State to be entrusted, without the slight est resistance, to the vile spawn engendered by demagagers, that deprayity. We camb abrogate suffrage, but we can direct in pure and headling channels; but it the duty be pretermitted, to b help the comm-
