SKETCH OF A PROSPECTUS

For a Weekly Periodical, to be published in the City of New-Orleans.

IT is proposed that a paper, consecrated to the Arts and Sciences, Literature and Religion, shall be published in our city. This paper will be called

THE LOUISIANA RECORDER.

In order to insure its success, and afford the public a sufficient guarantee for the character and stability of the paper, an association of gentlemen has been formed, under whose auspices it will be commenced, and by whom it will be conducted, through the agency of a Committee of Superintendence chosen from among themselves.

This association is principally composed of professional gentlemen, many of whom are CREOLES, and all of whom have been, for several years, residents of New Orleans. They deeply feel the importance of a new periodical, for the more extensive diffusion of that knowledge adapted to the generous and independent spirit which characterizes the inhabitants of Louisiana, and to liberal views of the condition and prospects of our city, together with the interesting region connected with this great emporium of the South and West. The members of this association pledge themselves to exert their influence in procuring the aid of the talented throughout the United States to furnish matter for the columns of the RECORDER, without regard to party feelings, individual predilections, or sectarian prejudices.

It is intended that this paper shall contain the usual quantity of original and selected matter found in the best periodicals of a similar description.

The price to city subscribers is fixed at $5 per annum, payable in advance. To persons at a distance it will be sent, on the receipt of $5. The first number will be issued on the first of January, 1835, or sooner, if the subscription shall warrant the publishers in the attempt; and all the proceeds, over and above the actual expense incurred, shall be for the exclusive benefit of the *Male Orphan Asylum of New Orleans.*

It is expected that the postage will be paid on all communications addressed to the publishers.

☞Subscriptions will be received at Hotchkiss's and McKean's Book Stores.

BOARDING SCHOOL.

MESSRS. DOLBEAR & BROTHERS respectfully give notice that they have returned and re-opened their WRITING ACADEMY at No 8 Chartres street, where Penmanship in all its variety is taught.

Lessons will be given through the day, and until 10 o'clock in the evening. Ladies who prefer it, can receive lessons at their own residence. By this system—the Carstairian—a most rapid business style may be acquired in two weeks, that usually effected in years by the old method.

Ladies and gentlemen are respectfully invited to call and examine specimens written by persons of various ages in this city and elsewhere.

All those who had not time to finish their lessons last season, can do so now free of charge.

They would also inform those who have applied to them for copies of the system, that the next edition will be out in the course of the winter.

In order to give transient persons who have not had an opportunity to examine for themselves—the opinion of those who have, the following report is presented. For others see Circulars.

NEW ORLEANS, 12th May, 1834.

On the invitation of Mr Dolbear, a teacher of Penmanship in our city, upon the Carstairian system: we have carefully examined specimens of the writings of his pupils, whose ages range from 8 to 50 years, written through an entire course of instruction; and after having done so, it is with the highest satisfaction that we can testify to the RAPID if not UNPARALLELED progress which they have made.

From the specimens seen, and the examination of the system made, we cannot withhold the expression of a current opinion, that the system is greatly superior to any hitherto taught. If to write legibly, elegantly, rapidly, and in good taste be an accomplishment, useful or desirable, it is upon the principles of this system that it is to be acquired. We therefore anxiously solicit of the public a liberal patronage in favor of an instructor, whose qualifications are of the highest order, and whose labors promise to be exceedingly useful to this and other communities.
