What's the best way to get rid of a dead body? That's the question that has been raised by the recent killing of Jeanne Louise Lewellen, 21, at her home in the Bronx. The police have found no evidence of foul play, but they are investigating the possibility of a "suicide pact." Lewellen had been seen with a man named John J. O'Connor, 22, who was also found dead in his apartment. The two had been living together in a rooming house. The police are also investigating the possibility of a "suicide pact."
