PRINTED DAILY, BY F. DEVAUD.

NEW-ORLEANS,

SATURDAY, JANUARY 24, 1828.

**MOBILE, January 23.**

The steambag Coosa, which took  
the mail for New-Orleans on Sunday  
week, has not returned. It was rumo-  
red yesterday and the day before,  
that she was aground near Dauphin Is-  
land, but we cannot trace the report to  
any authentic source. We are without  
a mail from New-Orleans of later date  
than the 12th. Mails from here how-  
ever, have in the mean time been des-  
patched every few days by packets.

**JACKSON MEETING**

In Windsor, Vt.  
It has been asserted by some that the  
cause of Jackson was gaining in Ver-  
mont; and to aid that cause it was pro-  
posed to have a Jackson dinner on the  
6th of January next, and Windsor was  
the place pitched upon as the one most  
favorable for numbers to attend and for  
producing effect. Accordingly, a meet-  
ing was notified to be holden the 18th  
instant and the citizens of Windsor in-  
vited to attend for the purpose of mak-  
ing the necessary arrangements. But  
what was the result? It was a Jackson  
triumph, indeed the Green Mountain  
stamp, and we trust the same kind of  
triumph that will ever attend the ex-  
istence of his partisans among our sturdy  
yeomanry.

The honorable ASA AIKENS was  
chosen Chairman.

Thos. Leverett, Esq. the chairman,  
and Simeon Ide, were appointed a com-  
mittee to recommend suitable measures  
to be adopted by the meeting in relation  
to the object.

The committee reported, among o-  
thers, the following resolutions, the  
first of which was adopted by unanim-  
ous vote, and the other nearly so:

Resolved, that the battle of New-  
Orleans was a fair alike interesting  
to the country, and glorious to the Am-  
erican arms, and that the Hero that com-  
manded, and the Heroes that obeyed  
him, were entitled to, and have receiv-  
ed, the greatest reward to which their  
heroic can aspire, the approbation of  
their Government, and the gratitude of  
their country.

Resolved, therefore, That in as much  
as certain ambitious and disappointed  
political aspirants have imprudently laid  
hold of the martial fame of Gen. Jack-  
son, and are seeking by the meteor light  
of his military torch their devious way  
to political power and place, and are  
striving, by means of "Jackson din-  
ners" and Jackson wine, to turn the  
heads of the people to gluttony, and  
their heads to foolishness, we will dis-  
countenance their proceedings, and re-  
commend to the people to eat their din-  
ners at home on the 8th January, with  
a full sense to Divine Providence for  
our blessings as we at present enjoy  
them, and with a hearty prayer that  
they may be long continued to us.

Boston Patriot.

The Sandusky, (Ohio), Clarion, states  
that the merchandize landed at that  
port, the past season, amounts to the  
enormous sum of one million, three  
hundred and nineteen thousand, eight  
hundred and twenty three dollars! The  
goods were for Ohio, Kentucky, Indi-  
ana, Tennessee, and Alabama.

**FROM MEXICO.**

We have received by the brig Eliza,  
Capt. Bucup, files of papers from the  
city of Mexico to the 29th of Novem-  
ber. The several states of Mexico were  
passing laws to expel the Spaniards from  
the country, and in some of them they  
had been carried into effect. The pro-  
ceedings against them still continue to  
agitate the public mind.

Accounts from San Salvador to the  
5th November, give intelligence of the  
overthrow of a band of 400 revolution-  
nists in Sabana Grande, who were on  
their way to invade the territory of  
Honduras.

We learn verbally that commodore  
Porter had issued a proclamation offer-  
ing licenses to vessels for privateering  
out of Vera Cruz.

Phil. G.

Pera, Constantinople, Oct. 27.

Confusion and dismay reign in all  
quarters of this city.—A succession of  
disasters has caused a display of rage  
and fear, bordering on mania. It  
would appear by a despatch forwarded  
by the English admiral to our ambas-  
ador here, that the whole of the Turco-  
Egyptian fleet had been destroyed in  
the bay of Navarin, on the 20th instant  
and that the batteries of that port had  
rendered useless. What is more, the  
Egyptian troops are in a state of mutiny  
and starvation, wandering over the  
country, and being cut up in detail.  
This tragical news combined with the  
recent destructive fires, seems to have  
paralysed, in toto, the efforts of the  
Turks in their war department. All is  
at a stand still. Troops and shipping  
under orders, have been countermand-  
ed, and an extraordinary Divan orde-

red to assemble forthwith. Connected  
with these events the Reis Effendi has  
been disgraced, and is in confinement  
—a prelude, of course, to decapitation.  
Our suburbs is as yet perfectly tranquil  
and it is to be hoped will remain so.  
Communications with the foreign am-  
bassadors have been extremely frequent  
since the receipt of this news, and mes-  
sengers innumerable are passing and re-  
passing after the usual hours of diplo-  
matic business.—It is the opinion of the  
best informed English here, that all  
must and will be settled to the entire  
satisfaction of the allied powers, and  
immediately.

**St. Petersburg, Oct. 31.**

As the News began to bring down  
the Isaac Bridge was taken up in  
the night of the 21st.

On the 21st in the evening, His Ma-  
jesty accompanied by general Diabitch  
set out on a tour to inspect the frontier  
fortresses—he is gone on the first in-  
stance by way of Drenaburg to Bob-  
riak.

A ship of the line, of 74 guns, called  
the Grand Duke Michael, was launched  
very lately, and on the 31st one of 84  
guns, called the Empress Alexandra.  
Captain Schiamarejo is appointed com-  
mander. This makes three ships of  
the line launched within a short time.

The gold mines in Siberia, yielded in  
the first of this year 140 poods 26 lbs. 6  
oz. of gold, of which only 49 poods 3  
lbs. were from the Government mines.  
Of Platina, 15 poods have been obtain-  
ed.

The St. Petersburg Journal of the  
31st of Oct. intimates that negotia-  
tions are going on between Russia and  
Persia, and that England is acting as a  
mediator between the two powers. The  
charge d'affaires of his Britanic Majesty  
at the court of Persia, has been pre-  
sented to the Emperor and the Empress'  
mother.

A rumour was current at London  
that a requisition was made to the Greek  
government to order to give effect to the  
objects of the armistice by putting a  
stop to all operations at sea against the  
Turks.

The British ship of war Isis sailed on  
the 21st of October from Gibraltar for  
Malta. This will give Admiral Col-  
lington an opportunity of reinforcing  
his squadron.—The men of war in the  
Tagus, it is said, may be procured at  
short notice for the same purpose.

Caution.—A southern paper admon-  
ishes the public to be on their guard  
against two suspicious persons named  
Brandy and Whiskey, who are now  
prowling about the country, maltreating  
and destroying a great number of peo-  
ple. It is said mean to reside for some  
time in this city. They have been  
sent out to us in company with a third  
ruffian who calls himself Rum. Whis-  
key is a foreigner. He has lived several  
years in Scotland, and is well known in  
Ireland, where he passes himself off  
under the assumed names of Farinash and  
Polyean. Since his emigration to this  
country, he resided a long while at Me-  
nongahela. He is now a regularly na-  
turalized citizen, and may be met with  
at all hours of the day or night, in the  
hotels or streets of New-York. He is a  
mean looking yellow faced, who gene-  
rally mixes himself up with persons of  
very opposite characters. We have  
seen him arm in arm with Messrs. Sugar  
and Lemon. When so supported,  
he always gets into hot water, and is  
very quarrelsome. All three of them go  
into the streets, punching every body  
they meet; staggering some, and  
knocking down others. No better evi-  
dence can be given of the effects of "evil  
communication," than this—for Sugar  
and Lemon, when out of Whiskey's in-  
fluence, are very respectable and harm-  
less people. Sugar is particularly sweet  
tempered, but when Whiskey gets hold  
of him, all his sweetness melts away.  
The habits of Whiskey are all low, and  
though some of them keep up a secret  
intercourse with him, yet he is not pub-  
licly recognized by the members of  
"Good Society"—Monsieur Brandy, on  
the other hand, is more genteel, and may  
occasionally be encountered at the tables  
of persons of condition. He sat  
opposite us yesterday, and behaved very  
becomingly, probably because the com-  
pany took scarcely any notice of him.  
His complexion is rudy and high color-  
ed, and his general manner spirited and  
agreeable. In matters of taste he is re-  
markable for smartness and piquancy.  
Brandy is a Frenchman by birth, and  
belongs to the ancient family of De Co-  
siac. It is to be lamented that a person  
with such gentlemanly capacities should  
ever mingle with people of such bad  
odours as Whiskey and Rum. This  
Rum is a decided ruffian. His very  
looks condemn him. His face is of  
effluvia which proceeds from him, I sus-  
pect he is sadly unclear, in his habits,  
and has antipathy to water, and yet he  
is a monstrous coxcomb, and is always  
admiring his own appearance in a glass.  
Fortunately he seldom intrudes into the  
company of gens comme il faut. He  
delights to linger about pot houses and  
ship yards, and to blow it out with dai-

labourers and sailors. It is shrewd-  
ly conjectured that he is fond of drink,  
for he may generally be met with about  
"grogg time."—Rum is manifestly of  
West India origin.—The principale seat  
of the family is on the plantations of  
Jamaica, although some of the illegiti-  
mate branches have resided for several  
years in New England, where their in-  
fluence is most unfavorable to the pro-  
vincial "steady habits" of the country.  
The individual who is now in New  
York is from the West Indies. He is  
called by those who know him, "Old  
Jamaica," to distinguish him from his  
"New England" kinsman.

From these descriptions, any readers  
may be able to discover and avoid these  
suspicious characters. All connexion  
with them is disreputable; and great in-  
jury to health, purse and name, must  
attend the slightest intimacy.—N. Y.  
Enquirer.

**HELIVETIC INSTRUCTION.**

In order to give greater facility to the system  
of education, Mr. De Fernex, as a  
partner in his Seminary, Mr. J. W. ...  
of Massachusetts, a young man ...  
public confidence as well by his talents as his  
personal qualities. Having been graduated at  
college in New-England, Mr. Wheelwright will  
be enabled to take charge of the whole course of  
English instruction. The institution of Mr. De  
Fernex will thus offer to young men the double  
advantage of preparing same to be admitted into  
the colleges of the United States, and of furnish-  
ing to others a complete course of education  
adapted to the commercial and ordinary pursuits  
of life.

Mild regulations, but rigidly adhered to, will  
give to this seminary the character of an Helvetic  
school. In the proposed plan of teaching, the  
connexion between the memory and judgment  
will always be kept in view, and no pains spared  
to facilitate the attainment of different branches of  
study by the most simple and familiar illustrations.  
In a word, the object of this seminary will be the  
communication of valuable knowledge, and the  
formation of those mental and moral habits in  
young persons, which shall early lay the founda-  
tion for their respectability and usefulness in  
subsequent life.  
The institution is already in progress, at the  
house of Mr. De Fernex, No. 116 Royal Street.

**REMOVAL**

**SULPHUROUS BATHS.**

DOCTOR RENO, has the honor  
of informing his colleagues and of Louisa-  
ana, that he has removed his establishment  
of Sulphurous Baths from ...  
No. 123 to Barraks Street No. 156, at the  
corner of Burgundy in the house lately oc-  
cupied by Dr. Formanto.

It is generally known, how much benefit  
is obtained by sulphurous bath in cutane-  
ous diseases, rheumatic complaints, pains  
and other serious complaints, it is need-  
less to quote here the numerous instances of  
immediate cure and relief afforded by the  
application of that remedy.

Mr. Renou has availed himself of his re-  
moval, in constructing a new apparatus  
and making his establishment free from  
any kind of reproach that could have been  
made to the former one.

The room for the reception of white  
people is totally separate from the one fix-  
ed for negroes.

His new lodgings afford him the means  
of receiving certain number of sick per-  
sons wishing to board at his house.  
He has provided a spacious hospital, and  
his house being situated in a retired part  
of the town less crowded with houses than  
others, makes the situation perfectly  
wholesome.

Prices for 12 Baths . . . \$ 16 .;  
" 6 " . . . 9 .;  
" 1 " . . . 1 50

For treatment of negroes per day. . .  
Doctor Renou will however take with  
the persons who will apply to him all pos-  
sible arrangements.

During the last year of his practice in  
Paris, Doctor Renou has been intimes  
with the celebrated Dr. Ducamp invent  
of the most efficient method of curing i-  
chthys (retention of urine,) and he had es-  
pecially addicted himself to the treatment  
of that disease; he has now in his posses-  
sion a complete collection of all the instru-  
ments necessary thereto. He may ensure  
to those persons affected with the above  
complaint, who will apply to him, a prompt  
and safe cure from his method of treat-  
ment. dec. 24
