MICHAUX FRECKLE WASH.—The remedy for freckles is a discovery of Dr Charles Michaux, of Lembourg, formerly professor of anatomy at Liege, in Flanders, and is believed to be one of the most valuable discoveries ever made for removing freckles and other affections of the skin—an obstinate eruption cannot withstand its influence for more than a very few days; it is said to bathe the skin affected, night and morning, and wiping it dry with a towel, if it slightly inclines to redness, it may suffice to use it but once in 24 hours. The following are the favorable notice of the HIGHLY CONCENTRATED COMPOUND SYRUP OF SARSAPARILLA is taken from the New York Courier and Enquirer of the 7th inst.:

Sarsaparilla.—Although decidedly averse to puffing any of the day's, yet we are induced to notice a medicine of different character at the instance of a friend who has used it with decided success in his family—we allude to the *Concentrated Compound Syrup of Sarsaparilla*, which is extensively manufactured by a new chemical process in the city of New Orleans by steam. We do this the more readily as it is warmly recommended by many able medical men at the north, west and south, and, as we are assured, by all the physicians in New Orleans, who state that they use it in their practice, and with decided success, in chronic diseases and other affections arising from an impure state of the blood. This is a convincing proof of its efficacy, as the medical faculty, it is well known, are decidedly opposed to all quack remedies.
