City Bank .- The books of subscription, to the Stock of the CITY BANK, were opened yesterday and in the course of the operations, 2924 shares were subscribed to, at the rate of \$100 a share, already forming a capital of \$292,400. The institution is a very popular one, and seems to engross the attention of monied speculators.

Washington's Birth-day.-The Legislature have proved a spirit of patriotism, which will be gratefully remembered and duly applauded by the citizens of Louisiana. A PPLICATION has been sinde to me, relative to the introduction of slaves into the state of Texas; and at the same time the copy of a translatigh of the "laws to promote the colonization of the states of Coshaila, and Texas," (printed by W. S. Woodroff, Little Rock, Arkansas Territory.) has been furwarded to me, in order to call my attention to the following mute, added, I presume, by the printer, to article 18th: "By a supreme decree, dated September 29, 1859, slavery is disclished within the Maxican registration." lio-bit after due representations were made to president Guerrero, all the prevince of Texas has been excepted from the operation of the deeres by the general congress.? Reling that this note may have the effect of missioning persome who intend settling in the state of Texas. consider Rinecessary to offer some explanation. The fact is that, on occasion of the promulgation of the decree in question a representation with the decree in question at representation with the property could not proceed that the business of the sulony could not proceed that the busines of the colony could not proceed without slaves—upon which a modification was made, exclusively in favor of this celony. Now this very statement shows/that the qualition is of slaves already is the country, and sot of the introduction of there; and what further configuration is this fact, and shows how clearly the provisions of this law were understood is, that persons of this law were understood is, that persons of this law were understood is, that persons of this law were understood in the form of indentified sevents.—Nay more, even free jersons of office cannot be admitted into the state, without coming particularly recommended; and even them, are limited to two military posts, expressly indicated, and at a distance from the fiontians.
