OFFICE LEVEE STEAM COTTON PRESS COMP'Y.
New-Orleans, 27th Feb. 1832.

IN addition to the Cotton Presses and stores already advertised as being completed, the wharf of the Company in front of the Press is now sufficiently advanced for Steam-Boats, Flatboats and Vessels to lay alongside. No wharfage will be charged to those Vessels or Boats loading produce to be stored at the Press, and no drayage will be charged on produce received or shipped in front of the Press.

Flatboats and Keelboats loaded with cotton or tobacco will be permitted to lay alongside the Levee, with the consignees which forms a commodious harbor, and sufficient time will be allowed them to discharge without charge of wharfage.

Planters of cotton and tobacco will find it greatly to their interest to send their produce direct to the Press, as independent of the saving in drayage) their produce being placed in store immediately it is taken from the boat, will not be liable to damage from bad weather or land transportation, and the stores being extensive and commodious, built round a spacious yard, it can be sampled, and sold with greater satisfaction and facility than in smaller establishments. Insurance can also be effected lower than hitherto charged, from the greater security in the manner of building and situation of the stores of the Press.

Every facility will be afforded by the Company's agent, Mr. Rae, who resides on the premises, the charge for storage, compressing &c. will be moderate and the establishment generally will be conducted on the most accommodating and liberal principles.

By order of the Directors.
