CHOLERA.

A SURE REMEDY. A PREVENTIVE:: A CURE:::

THE following Letter is from Mr. WOODWARD, of St. Louis, to J. N. HARRIS, Esq., New London, Conn., General Wholesale Agent for our PAIN KILLER.

Mr. Woodward is a resident of St. Louis, a gentleman of high respectability, and during the prevalence of the cholera in that city, has watched the result of the application of our Pain Killer for this disease, and his testimony can be relied upon with the utmost confidence.

ST. LOUIS, May 31, 1849.

J. N. HARRIS, Esq.—Dear Sir,—You will recollect when I saw you in London, in January last, my expressing to you my most sanguine expectations that DAVIS' PAIN KILLER would have a tremendous sale in this city, and that my anticipations have been more than realized, is the testimony of thousands who have used it has been that they would not be willing to go to bed at night without it in the house.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remarked to me that it ey had no fears or dread of the cholera so long as they had the Pain Killer by them, and hundreds took it daily as a preventive. Few people can have a derangement of the bowels or diarrhœa if they use this medicine. This was the security and confidence of hundreds in relation to it, and when their friends were attacked with the cholera they would administer this remedy in large quantities internally, and bathe the body well by bathing and rubbing them with it, and in every case where it has been taken in the first stages of this disease, it has proved successful. I consider it an infallible remedy. I have not heard of an individual in any family who has used the Pain Killer when attacked but what speedily recovered.

Capt. Broadwell, of the steamer Atlantic, a New Orleans packet, informed me that on one of his trips up the river to this place, he had taken up upwards of seventy cases of cholera on board, and the Pain Killer was used with complete and triumphant success.

The clerk informed me that he administered it to the passengers and hands in the engine, as a cure immediate relief, but still it is to be taken chiefly, for when the discharge of "rice water" has begun, the Pain Killer should be used to stop it, and make its appearance among you, as it will probably it will), be not alarmed, you and all others there have the remedy at hand, and when the Pain Killer is used for a death by cholera will occur.

If the cholera comes among you, watch its progress, and if any family is suddenly seized, send to the family who use the Pain Killer and have no diarrhœa, no disarrangement of the bowels, and consequently none of those who are attack and well use the Pain Killer and I thoroughly they will be saved. This has been the experience of hundreds in this city during the ravages of this dreadful disease.

I have not been able to supply one fourth of the demand. I have received orders from persons begging me to send them any.

Now, for your own sake, for my sake, and for the sake of suffering thousands, make some arrangements that you can supply me, and procure your manufacture, do something that a sufferer would say to the last moment, I have a bottle of the Pain Killer, and I am willing to do without it a single day.

Respectfully, yours,

A. T. WOODWARD.

Those using the Pain Killer should strictly observe the following directions

At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels with the Pain Killer also.

Should the diarrhœa or cramps continue, repeat the dose every fifteen minutes. In this way the dreadful symptoms will be checked and the patient relieved in a few hours.

N. B.—Be sure and get the genuine article, as there is a worthless imitation in the market, published, which, when completed, will excel in magnificence any establishment of the kind now in the city. Until these Baths are finished, the Bath Rooms on Bienville and Bayou can be had at all times, from 5 o'clock A. M. till 10 P. M. jy12 3m

FIRST CLASS RIVER STEAMBOATS

to St. Louis, and by the Lower River Steamers to towns on the Mississippi and New Orleans.

This Rail Road, with the steamers in its connection from Chicago to Buffalo, for regularity, safety, speed, general equipment and accommodation, forms in every respect a

SUPERIOR FIRST CLASS ROUTE,

and presents the cheapest from the Mississippi Valley and the towns on Lake Michigan to the east.

The following Steamboats will run in connection with the Michigan Central Rail Road:

Detroit, Pacific and Clarence Ward,

the Pacific and Sam. Ward running to Milwaukie the Little Fort, Southport and Racine.

Between Detroit and Buffalo, DAILY, leaving both places in the morning—through without landing—Steamers

May Flower and Atlantic,

Between Detroit and Buffalo via Cleveland, DAILY, leaving both places in the evening—Steamers

Henry Clay, Hudson, Baltic, Empire, Oregon and Saratoga.

The Lake Steamers of the above line, for strength, speed, finish, and magnificent furniture, are believed to excel any like number of steamers that have ever been run in connection on fresh water, offering at reasonable rates accommodation not any where surpassed. Among them are many entirely new, and of the most expensive character.

Every effort will be made to render the most desirable the superior accommodations of this route.
