THE JACKSON AND NEW ORLEANS RAILROAD.

In another column of our paper, the reader will find an interesting and able report touching the practicability, cost, and other matters connected with this important enterprise. It is drawn up in a plain and perspicuous style, by a gentleman fully capable of appreciating the advantages of the undertaking, and professionally qualified to judge of the best means of carrying it into execution. Our excellent and public spirited Mayor, Hon. A. D. CROSSMAN, being ... in furthering the project, deemed it ... a message on internal improvements, ... the practicability and feasible of the several schemes before the public, requested HENRY L. ... Lieutenant of the U. S. Corps of ... to make a rapid survey of the proposed Road from Madisonville to the State line, ... the result of that gentleman's exploration ... in the report.

How far the scheme laid down by the Mayor is ... entirely practicable, and that a road ... can be constructed around Lake Maurepas ... level and free from a comparatively ... of marsh, at a moderate cost of construction ... other route, would not only be infinitely ... but positive, but would be exposed to ... tion during three months ... disaster altogether ... or disproportionate to any particular advantages that might ... be accrue from it.

Lieut. SMITH estimates the cost of the road ... Mandeville to the State line, boats to ... ... and the total yearly expense ... in successful operation, at ... He estimates that the road, even if ... further, would pay the entire ex... ... in operation—interest at ... being embraced in the estimate. ... however, attempt to optimize a ... scheme so simple and lucid that a child ... understand it, but refer our readers to it ... the full assurance that they will find us ... clearly exhibited, and its reasoning ... and satisfactory.

The route is now assured when it becomes ... in every practicable manner to divert the ... emerges towards the profession of the ... diversion of trade and commerce from New ... leans. Providence has ... us with such ... immense natural advantages that we have been ... to content to lay upon our oars, supinely ... trusting to the superiority of our position, and ... for whatever ... or to secure a responsive ... by the application of artificial ... This policy so suicidal, must, in the ... ... injurious, requires no abor... ... to demonstrate. It is already ... ... on that, as for a series of ... commercial importance has been ... and overreached upon by ... which, stirred by the ... ... of built a com... ... canals, and ... ... every direction, with ... ...
