to supply the demand for these Ties the present season.

In addition to the FASSMAN DIAMOND TIE and
BUTTON TIE, so calculately used haretofore, they
now offer his ALLIGATOR TIE, with feeth so as: ranged as to instantly clamp the hoop when the pressu secured from the bale and hold it without slipping These Tire are so simple in their arrangement the

they can be applied by any one, to bales of any size-with the same facility and expedition as rope. In strength, security and facility of application, they will empare favo ably with any yet introduced.

The advantages of 1100 Tire are now generally recept aized; but it is deemed not out of place to call the a CHAMBERS & LATTING,
