

Lista de Publicaciones de Josué A. Núñez

- Núñez JA** (1955) Azote Protéique et non Protéique dans le Plasma des Larves et des Pupes *D'anisotarsus Cupripennis* Germ. (*Col. Carabidæ*). Archives internationales de physiologie, de biochimie et de biophysique 63:429-40.
- Núñez JA** (1956) Untersuchungen über die Regelung des Wasserhaushaltes bei *Anisotarsus cupripennis*. Journal of Comparative Physiology A 38:341-354.
- Núñez JA** (1961) Die Pygidialdrüsen von *Anisotarsus cupripennis*. Zoologisches Jahrbuch, Abteilung für Anatomie 78:271-294.
- Núñez JA** (1962) Regulation of water economy in *Rhodnius prolixus*. Nature 194:704.
- Núñez JA** (1963) Central nervous control of the mechanical properties of the cuticle in *Rhodnius prolixus*. Nature 199:621-622.
- Núñez JA** (1964) Trinktriebbregelung bei Insekten. Naturwissenschaften 51:419.
- Núñez JA** (1966) Quantitative Beziehungen zwischen den Eigenschaften von Futterquellen und dem Verhalten von Sammelbienen. Zeitschrift für vergleichende Physiologie 53:142-164.
- Núñez JA** (1967) Sammelbienen markieren versiegte Futterquellen durch Duft. Naturwissenschaften 54:322-3.
- Núñez JA** (1969) Estudio cuantitativo del comportamiento: Objetivos y resultados. Acta Zoologica Lilloana 24:255-266.
- Núñez JA, Dimant de Fischbarg B** (1969) Comportamiento de la abeja recolectora de agua. Physis 29:185-196.
- Núñez JA** (1970) The relationship between sugar flow and foraging and recruiting behavior of honeybees (*Apis mellifera* L.). Animal Behavior 18:527-538.
- Núñez JA, Denti A.** (1970) Respuesta de abejas recolectoras a un estímulo nociceptivo. Acta Physiol Lat Am 20:140-146.
- Núñez JA, Nesse AB, Dimant de Fischbarg B** (1970) Consumo de oxígeno de abejas recolectoras. Physis 30:97-104.
- Núñez JA, Nesse AB, Dimant de Fischbarg B** (1970) Metabolismo de actividad y de reposo en abejas recolectoras. Physis 30:155-166.
- Núñez JA** (1971) Beobachtungen an sozialbezogenen Verhaltensweisen von Sammelbienen. Zeitschrift für Tierpsychologie 28:1-18.
- Núñez JA** (1971) A simulator for learning studies in the bee *Apis mellifera* L. Acta Cient Venez 22:101.-106
- Núñez JA, Quesada LA** (1971) Repleción del buche y retención rectal en *Apis mellifera* L. Physis 30:369-376.
- Núñez JA** (1973) El comportamiento recolector de la abeja *Apis mellifera* L. Un estudio cuantitativo del comportamiento. In: Progresos en biología, eds. Barbieri, Legname, Tucumán Argentina, pp: 225-234.
- Núñez JA** (1974) Estudio cuantitativo del comportamiento de *Apis mellifera ligustica* Spin. y *Apis mellifera adansonii* Latr. Ciencia e Cultura 26:786.

- Núñez JA** (1975) Evolución biológica, adaptación y optimización energética. *Ciencia e Investigación* 3:3-13.
- Núñez JA** (1977) Nectar flow by melliferous flora and gathering flow by *Apis mellifera ligustica*. *Journal of Insect Physiology* 23:265-275.
- Núñez JA** (1977) Circadian variation of flight activity in colonies of *Apis mellifera ligustica*. *Journal of Insect Physiology* 23:387-392.
- Núñez JA** (1979) Time spent on various components of foraging activity: comparison between European and Africanized honeybees in Brazil. *Journal of Apicultural Research* 18:110-115.
- Núñez JA** (1979) Comparative study of thermoregulation between European and Africanized *Apis mellifera* in Brazil. *Journal of Apicultural Research* 18:116-121.
- Núñez JA** (1982) Honeybee foraging strategies at a food source in relation to its distance from the hive and the rate of sugar flow. *Journal of Apicultural Research* 21:37-48.
- Núñez JA** (1982) Foraging pressure and its annual variation: a method of evaluation using artificial food sources. *Journal of Apicultural Research* 21: 134-138.
- Núñez JA** (1982) Comparación del comportamiento recolector de abejas africanizadas y abejas europeas. In: *Social insects in the tropics*, ed. Jaisson, Univ Paris Nord, Vol 1, pp: 221-231.
- Núñez JA** (1982) Food source orientation and activity in *Rhodnius prolixus* Stal (Hemiptera: Reduviidae). *Bulletin of Entomological Research* 72:253-262.
- Núñez JA**, Maldonado H, Miralto A, Balderrama N (1983) The stinging response of the honeybee: Effects of morphine, naloxone and some opioid peptides. *Pharmacol Biochem Behav* 19:921-924.
- Zabala NA, Miralto A, Maldonado H, **Núñez JA**, Jaffe K, Calderon LD (1984) Opiate receptor in praying mantis: effect of morphine and naloxone. *Pharmacol Biochem Behav* 20:683-687.
- Balderrama N, Diaz H, Sequeda A **Núñez JA**, Maldonado H (1987) Behavioral and pharmacological analysis of the stinging response in Africanized and Italian bees. In: *Neurobiology and behavior of honeybees*, eds Menzel, Mercer, Berlin: Springer, pp:121-128.
