Oranges—Florida, according to size and quantity, \$3.50 to \$4.25; California navel, \$2.25 to \$3.50.

TEUTON PRISONERS ACCLAIM NEW RUSSIA

Stockholm, July 14.—Letters and papers arriving here from the interior of Russia and from Siberia say the news of the Russian revolution has been received from joy everywhere by the German and Austro-Hungarian war prisoners, especially the latter.

In some of the remote camps of northern and eastern Siberia the captured German and Austrian soldiers did not hear of the stirring events in Petrograd until late in May, but when they learned that the czar had been overthrown and that Russia was governed by the people they arranged demonstrations in which their guards and the prison authorities joined.

The Rabotchnaja Gazette reports that the Austrian prisoners in Kolpino have sent thirty-five dollars to Petrograd "to strengthen Free Russia." The money and the letter of congratulation accompanying it were addressed to the Socialist leader and Cabinet Minister Skobloff.

Recently Prime Minister Prince Lvoff received the following telegram: "The war prisoners employed in the repair shops of the Kieff Municipal Railway send their greetings to the Executive Committee of the Duma and desire to express their hope that the Russian revolution will bring universal peace and prove the starting point for the liberation of all regions of Europe. Long live the Provisional Government."

NEW ORLEANS STOCK EXCHANGE Daily Bids and Offers

Table with columns for Bid, Asked, and various stock symbols like C. C. Slaughter Hse. Co., D. H. Holmes Co., etc.

STREET RAILROADS

Table listing street railroads and their financial data, including Birn. Ry., Canal & Claiborne, Edison, etc.

MISCELLANEOUS

Table listing various commodities and their prices, such as N. O. Land Co. 6s, N. O. Land Co. 6s, etc.

WANT JAPANESE MADE CITIZENS

Several petitions asking that Japanese be allowed citizenship in this country are being circulated about the city. These petitions were prepared by Benton H. Thomas and are at Pitard's hardware store and at Y. M. C. A., where those that wish to sign them can have the opportunity. The petitions will be sent to Congress when they are signed up. The petition follows: "New Orleans, La., July 16, 1917. To the Congress of the United States:

"Warranted by the federal constitution, under the right of the people to 'petition to Congress,' we, the undersigned, citizens of the United States, do hereby offer to your honorable body the following petition to be presented by the president of the senate and the speaker of the house for early consideration, namely: 'The readmission of the Japanese people to citizenship of the United States.'

"By the statements of the press a commission is now being formed in Japan to visit this country for the purpose of cultivating and establishing a more cordial relation between the two nations, to touch incidentally upon the Pacific coast situation, and last but not least, to become an ally with the United States in this our present grave crisis. Considering the forbearance and patient waiting upon the good will of our people, this progressive and well disposed nation, in the face of the fact that they have been deprived of the privilege of joining the royal family of our citizenship as citizens, are now pleading in the spirit of disinterested friendship to join hands and help us in our trying hour, how can we refuse to Japan, at least the consideration they now offer to us?"

"In regard to the situation in California, our immigration authorities made the same mistake they have made in other instances by allowing other nationalities to settle and preponderate in a given locality, when they should be distributed more proportionately throughout our ample domain, thus preventing a congestion and consequent unfortunate friction between races.

"The Japanese are a friendly people and have readily adopted even in their own land, many of our American ideas and customs, and as a rule are law abiding and peaceable in this country. 'Congested in their own land, who can blame them for seeking in a peaceable and friendly way a greater atmosphere of freedom and territory to develop and grow according to that innate and divine principle and right that we ourselves so naturally and patriotically prize and so dearly enjoy?'"

PRIZE CONTEST FOR AMATEURS

A photographic contest for the amateur camera enthusiasts of New Orleans was announced Saturday by Dr. William Scheppegrell, chairman of the grounds committee of Audubon Park. The prize-winning photographs will be used to illustrate the new annual guide book to be issued by the uptown park titled "Glimpses of Audubon Park," which will be distributed at railroad stations and at the principal hotels to call attention to the recreation advantages of the park.

A great deal of interest has been shown in the contest and an autographic kodak has been donated by the Standard Photo Supply Co., a framed oil painting by D. B. Holmes, Co., a piece of art pottery by the Farish Art Store Gift Shop, a silver loving cup by A. B. Griswold and Co., a Tulane tennis racket from A. Baldwin and Co., and a bronze electric table lamp from the Maison Blanche Co. Other prizes will be donated by other local firms for the prize-winning photographs.

Dr. Scheppegrell announced that the contest would be open to amateur photographers only, that prints of any size may be submitted, that the subject of the photographs may be interesting views, or vistas of the park, moss-hung oak trees of the beautiful flower beds, examples of the bird or animal life, boating on the lake, on the golf links, the ball field, or other picturesque, recreational or social life of the park. The prize winning views will be used in the guide book and any number of prints may be submitted by those competing. The closing date and the names of the judges will be announced later but pictures may be submitted at once addressing them to "Chairman, Audubon Park Photo Contest, Audubon Building, New Orleans."

WOULD BAR GERMAN IN CINCINNATI SCHOOLS

By International News Service Cincinnati, July 14.—A bitter fight is under way here to oust the study of German from the public grade school. A Citizens' League on Foreign Languages has been formed to bar further study of the German tongue. The school board refuses to take action.

Behind the Citizens' League are L. A. Aull, millionaire manufacturer; Edward Conston a former colonel in the Confederate army and prominent attorney; Alexander Thompson, manufacturer; and Revs. George A. Thayer and John F. Hergel, the latter the leading Baptist minister here.

The league charges that more than \$150,000 is spent here annually in teaching German in the grade schools and that this expenditure is a misuse of public money. It also contended the practice is "discrimination against other foreign-speaking fellow citizens," that it "retards the progress of all pupils in acquisition of the language of this nation" and "that it tends to create an un-American spirit."

UNCLE SAM'S DAILY FOOD ECONOMY HINT

Spread the Meat Flavor
Spread the meat flavor over other foods and so economize in the quantity of meat consumed, says the United States department of agriculture. Here is one way to spread the flavor.

Meat Stew With Dumplings
Make a stew from a cheap cut of meat cut into small pieces, potatoes and such other vegetables as are desired. Thicken with a little flour diluted with cold water. Serve with dumplings made as follows: Mix and sift one cup of flour, two teaspoonsful of baking powder and one-quarter teaspoonful of salt. Work in with the fingers one teaspoonful of butter; add gradually one-third of a cup of milk or a little more if needed. Roll out one-half inch thick and cut with a biscuit cutter into square pieces. The dumplings may be steamed, baked like biscuits, or cooked with the stew. In the latter case remove enough liquid to permit the dough to be placed on the meat and vegetables.
