PHILADELPHIA MARKET, Sept. 27.

Cossos—The market has been almost at a stand, and prices steady, until friday, when, 1073 bags common to good Rio were offered, and sil sold by public at about 2 cent per lb advance on private sales; 187 bags sold at 111, 790 at 111, and 234c. cash to 99 days. By private contract a few hundred bags Rio at 11 1.2 to 12 1:2; beds 5 tierces, and 60 bags Porto Rico at 13 1:2, about 150 bags Havana torms, not reported.

Cottor—The demand has been moderate the weeks sales only amounting to 330 bales. In the fore part of the week prices recoded at a trifle, but the late accounts from Europe have induced holders to become firmer in their demands, and prices are now about the same as, at the class of our last report.

Flour & Meal—Prices continue as at one last report, and the market heavy and very dull. The sales have been unusually limited. Rye Flour sells freely at 86 per bbl. Corn Meal moderate seles in bbs. at 85. Molasses—Alconsiderable sale of Trinidad at about 45 cents per gallon.

Sagar—Prices keep pretty stationary, and the de-PHILADELPHIA MARKET, Sept. 27.

from stores 9, 75 a .63, and fancy 9,75, Corn—several cargoes yellow flat have sold at 1,25 two eargoes white 1,10. Oats have improved; seles Northern 61 a 68c, Southern 53c per bush. Hides—Imports this week, 5124 Rio Grands, 2311 Coquimbo, 123 Porto Cabello, 40 Cape Haytien, 39,000 California, 3990 Senta Martim. Botal 48,793. Indigo—Sales of 60 cases Bengal 1.55 a 1.60 per lb, 6 mos. Molasses—Sales 100 hids. Trandad 45c; 100 do for distig, 38c; do Surman, 40c. Sugar—Sales 600 boxes Havana brown, 104c, 104 a 11c; 100 do Trinidad Muscovado, 91; 1000 bags Santos, 10 a 104c. The sales of thew England Rum are large, (41c cash, and 42 a 43c, 6 mos) say about 100 lbids and 300 bbls. Sales St Croix, 96 a 10c; about 50 pipes Holland Gra Weesp 107c, Pine Apple brand 105c and some fancy brands 115c—Daily Adv.

Reported for the Journal of Commerce.

Furs-6 cases English coney bags at \$1,40 per lb. 1 do hares back \$2,30 per lb; 5 do carrottad hares do; 1,50 and 1,75c; 6 do do hares side, at 75 and 100c over lb(0.4 mc.

ELECTORS OF THE PRESIDENT AND VIOE-PRESIDENT OF THE U. S. IN SOUTH STREET T. W. SCOTT SO DESTRUCT T. LANDRY SOUTH AND WOLLD'S DESTRUCT A. MOUTON STREET A. MOUTON STREET T. E. BOSSIER.

The Currency—the Prante Makers—It is one thing to assort and another to prove an assertion. We are almost ashumed to repeat what is no generally conceeded. Yet, it would such their are even those who claim to be accusted by the sineare disposition of expressing no opinions but those which are susceptible of demonstration, who confound—we will not say wilfully, altho' it looks semere assertion with established from. It is only thus we can account for their willing, auto: It is only thus we can account for their unfounded altegations: and we are justified in presuming that they are careles about proofen they think they catch popular favor. But truth is not to be sacrificed, inquiry is not to be stiffed, and men's minds have not become an indulant as an adapt dominant anithment. become so indolent, as se adopt dogmas without to-vestigating their acquires. We may be more polli-ticians, if that term be used to signify that we have an opinion and are too disinterested to sacrifice it in order to please every body: and yet we should heattate

order to please every bedy: and yet we should heaitate to support our friends or our party by expressing, what we knew we were unable to substantiste.

Every attempt to mix the eutrency with the government—every effort to put that ourrency in disorder by exaggerated and unfounded reports, got up with the view of making the government odious and unpopular, is followed by vicinsitudes in trade, speculation and distress: and therefore none should be made. This is so evident, the experience of the past is so continue that we may well feel astonished that any smooth me man: and deprecate the result as heartily as those who an car to be so ind "gent upon the real criminals and so severe upon the innocent party. We have always held that it was one of the most flagrant and unjustifiable acts which was ever committed. We have said ble acts which was ever committed. We have said over and over again, that it was most fatal in its consequences since it overwhelmed those who contribu-ted to it as well as those who raised their voices against it—friends and foes—that interest and policy dictated that it should be forever abandoned, or that public faith and confidence would become subject to the most alarming fluctuations. We believe the intel-

ry of the Treasury, requiring specie in payment for public lands is principally chargeable with the alleged pressure in the money market. In a few hasty remarks—penned with the design of expressing the real truth, and nothing but the truth, in order that the terms not transpired, brown Havana at 104; white, price not named, 130 a 130 hhabs. Porto Rico,in lota, at 104 a 104 cts 4 and 6 mos.

Exchange—Bills on England have advanced a trifle, seles at 7 1-2 per cent. premium, principally at the latter price.—US Ges.

Exchange—Bills on England have advanced a trifle, seles at 7 1-2 per cent. premium, principally at the latter price.—US Ges.

Coffee—Still continues very quiet. Duck—Sales of a tew hundred pieces light Ravens 7 73 a.8, and 2 a 200 pieces I and D Brusgins, former, 15, and latter 1.50: 100 do Zetoff 15,23: 50 do Sacepotkins 14; 125 do Hollands, an 24, and narrow 18,30 per piece, 6 mos. The arrivals of Codfish have not heen large—the dermand is good, and they have sold freely at better the chrand is good, and they have sold freely at better ter prices. Sales of about 1200 qtls Eank, for shipping 3, 124, 3,20 and 3,25; a few hundred do country mode 3 a 3,062; 800 qtls small Bay 3; 1105 do Hake, 1,871.2 a 2 p r qutt. Mackerel have improved considerably—No 1, 2 and 3 sold the early part of the week, by the fare 5, 8 a 9, large sales since at 5,12, 8,12 and 9,12 per bbl. No 3 alone have been sold at 5,75,5,87, and 100 per piece, 8 and force sold at 5,75,5,87, and 100 per piece, 100 and unexplained, did not exhibit the inconsistency of the charge with the fact we adduced, it at least put it at issue: and we had a right to expect the next time it was alluded to, it would be backed by something like testimony and argument—for it is an acknowledged principle in evidence that he who asserts a thing to be, is bound to prove it. We have however, the naked assertion, which is worth nothing at all.

The next charge (and the Secretary of the Treasuris again the wicked permetrator,) in that another

We should like to know if the \$50,000 received yesterday by the Gas Light Bank from Natchez, is an evidence of the great scarcity of money in the West. We should not be surprised to hear that it was, after the singular positions that have been already taken.

The attitude taken by the Democratic Elec-

published their reasons for their refusal to meet the wenty one whig delegates, who they conceived under credulity on their countenance. I felt the full forces the existing constitution were the representatives of a of the lamentation of the poet : minority of the people. The document entire is of tee long dimensions to permit us to publish it. We give

ion, so bearly so that critical in proportion to just population in recognized (seely an incident force of that great principle that all free men incident an incidentable right to enjoy equal rights in the dising of their governors. Anticipating these the years of their governors. Asticipating these shanges which have occurred in the seedition and to-section of the Sans, those who established our constitution gave power to the legislative department to incorporate these against make expedient and their contract of the separate and time might make expedient and their contracts.

which experience and time might make expedient and fuel.

This selemm and faithful grast to the knowledge of all condid men has not been faithfully exercised.

Year after year positions have been presented, saking, praying, and at last demanding a redress of greviances of the grountesse of which the majority of the people are complaining, but that they have been treased with neglect and indifference. The minority, who nule, have for half a century persisted in disregarding the just demands of the majority who are governed.—That comething had to be done in order to do justice, and that the people were impatient in calling for it.—The present step they declare to be the conseq source of a refusal of their colleagues in the elections course to enter into any arrangement whatever to secure

of a refusal of their colleagues in the electional college to enter into any arrangement whatever to secure the interest of their constituents and promote the welfare of the people of the whole State. They considered their refusal as unreasonables and were theroughly convinced that no secure. The found to respond to the knews wishes of the bedy of the people.

No political principles (they continue) are better established than that all public functionaries are but trustees for the benefit of those by whom they have been appointed. And it is equally undersized that all depositories of political power are bound to surrender into those from whom it was derived whenever it cannot be assertised for their benefit. Those elementary public functionaries in the country, that instances need not be adduced to show that they have not acted with out numerous precedents to justify them. Senstors of the United States, Governors of States, Legislators of the United States, Covernors of States, Legislators, Judges, and other officers, or trusses of the people, have repeatedly, when made sensible that they could no lenger exercise advantageously the authority with which they were clothed. I med it to the great fountain of all legitlmate authority to be again deposited in other hands. Resignations, surrenders of power, in the country of the sense of the s other hands. Kesignations, surreneers or power, in instances such as they have averted to have produced no shock, have afforded no pretexts for political panies. On the contrary, they have been halled by the democracy of the whole country as proof incontestible of admitted sovereignty of the people, of the particular of their agents, and of that firmness and designations that it is not the firmness and designations and designations.

other hands. Resignations, surrenders of power, in instances such as they have averted tophash produced no ablock, have afforded no pretents for political panics. On the contrary, they have been halted by he democracy of the whole country as proof isocontestible by all who would not, if cooperating offered, be arise to crait in practice, though they are republicans in procession.

In conclusion they express an earnest conviction that there is no cause for the least apprehension or alarm, or even anxisty, as to the security of all personal rights and civil privileges. It will be admitted that there is no cause for the least apprehension of alarm, or even anxisty, as to the security of all personal rights and civil privileges. It will be admitted that resignation of all the members of a Steat Leaguisture could not endanger public liberty or private property. Such an event would only make necessary a convention to reconstruct that department of the Government. With what propriety then, cam be a promote that the property such an event would only make necessary a convention to reconstruct that department of the Government. With what propriety then, cam be a large to the property. Such an event would only make necessary a convention to reconstruct that department of the convention to reconstruct that department of the world that the property than the minister of a revolution, bloodless as yet? We are indebted to the Merchants' Exchange for the following items of intelligence, as well as for a New York Journal of Commerce of the 26th received by a passenger; the paper contains little of interest. by a passenger; the paper contains little of interest.

It is stated that a Congress of the European powers is about to assemble at Paris to deliberate upon the affairs of Spain.

We learn that the Post Master Consord has any contained in the same of a close fit to the configuration of the configuratio the grand improvement of condensing the steam ir.

cation of it to produce rotary motion, opened its extensive use for mechanical purposes. The account which Fulton gives of the obstacles he had to contend in constructing and propelling the first steam boat that swam our waters, and the ridi-cule and derisions he met with on all bands in the prosecution of his several enterprise exhibits his ex-traordinary perseverance and determination as well as the pertinacity of his contemporaries in resisting all the arguments he could adduce to establish the correctness of his theory, and its almost consequent success. When said he, I was building my first steam boat in New York, the prospect was viewed by the public either with indifference, or contempt. tors of Maryland Justified.

The nineteen democratic delegates of Maryland have

as a visionary scheme. My friends indeed were civil, but they were shy. They listened with patience to my suggestions, but with a settled cast of in

or the sementation of the poor :
"Truths would you teach, or save a sinking lanct.
All fear, none sid you, and but few understand."
As I had occasion to go to and from the building yard. A Dig from any Certification principles and administration performance of the principles of error. Religion & Could House, who resided proposed as one steps of the country of the country

resident, while all season achieved, I was the victor and populations of latter as a control of the influence of fact. It was an independent of the influence of fact. It was an independent of the influence of the instery of the first experiment. The limition begins of his or was doubted seisable it realised the insterior of the first, and he languished in poverty and obscurity until he fell a vietim to the influentials and baseness of those whom he had served the effectually. When elibedy his invention had covered the theorem of the Hadon, he seemed lists satisfied with comparatively so small a result. He used to say, to fly ultimate triumph will be on the Mississphi. It know indeed on more than the interest of the influence of its navigation san between the product of the work of the interest of the interest in the internal navigation and counteres of our country.

And this memerable change has a surrought.—The great success and impense and any products of the West would be comparatively needed were it not for the facilities they affect of navigating every stream and exploring every famile and village.

The example of Fulton should be intituted by other sons of genius, they should not permit the neglect or contempt of the world to direct them from the pursuit they have in view; and it should serve as another warning to those who are so ready to condenn as in practicable what they will not give themselves the

warhing to those who are so ready to condenn as im-practicable what they will not give themselves the trouble to investigate, or what they are incapable of

As advanced as we may think the power of steam to be at the present day, it is but in its infantey as regards its future benefits. Its applications to land vehicles has not yet been fully developed, and new discovertes are daily making by which steam boats are immensurably improved. When the whole of the United States will be intersected by Rail Roads, when steam packets shall cover the broad expanse of the Atlantic Ocean, and steam he the grand moving principle which shall be adopted to universal application in machinery; and not until then, will its great expabilities be explored.

AMERICAN MONEY OPERATIONS IN ENGLAND.

The British from Box term. Charless Buzzoo as Strono, commonder of eligune and 250 men, and chared outside the Box vesterday morning, where she is detained by adverse winds. The Marquis of Sigo, his Governor of Jamaic, and his family are on board. We unfersion distinct, and me samy are opposited. We unfersion to the term through the United States. This is the first information we have received of the recal of the marquis from the Governorship of Jameies. He is replaced by Sir Lionel Smith, late Governor of Berbadoes, who was conveyed from that Island to Jamaies by the Belvidges.

ridera.
The Belvidera saided from Jamaica on the 2d inst.,
for the Havans, where she arrived on the 10th, and saided again on the 14th. A report was prevalent at the Havan on the time of her departure that the cholera had broken out at the Baltze Honduras. had broken unt at the Baltze Honduras.
It will be recollected that the Belvidera is one of squadron which captured the legate President, during the late war with Great Britain—Courier. WR VAN BUREN AND THE CURRENCY

THE MIFE.

Mr. Van Buren next shows that it is completely within the power of Congress to re-setsblish the gold currency; and having abows the large amount already coined and got into circulation under President

Jackson's administration, he goes on to argue he follows:

The next year our means to coin will be greatly increased, by the completium of three new branch mines And under what circumstances has this extraordinary and regular increase of the gold coinage been acomplished. In the midst of an increasant and unprecedentedly violent struggle on the part of the Bank of the United States for a rechatter; that institution and its advocates correctly regarding the free circulation of every piece of gold coin asks argument against the alleged necessity of a national bank.

I do not now allude to what has been done with any view to crimination; but the argument requires us to deal with fact as we find them. It is well known that it addition to the difficulties that were free the INFORMATION WATTERS.

A coop succession a suit thus protected.

A coop succession.—In reference to the frequent robbertes en board the East and North River etermboars, the chitor of the Boston Gazette remarks—

"Every little while we hear of extensive robbertes in the sight on board the steamboats, and the passengers while salesp are not safe. This neight not to be—the popuration of the boars are bound in duty to protect the large ge and prisons of their passengers, and it could not be a very great expense to employ two trusty men, as watchinen, to be on duty as soon as the samis down, and continue until day light. If sach a guard had been in operation the late extensive rebbery of gold would no doubt have been prevented, and we hope such a precaution will be adopted forth with—the axpense ought not to weigh a feather, when the boats on the Providence and North river are so well patronized.

It is that that the King of Siam he could forth.

well patronized.

It is this the King of Siam has sent off, for the meangerie at Paris, a beautiful white elephon, and that this carious present is a token for his Majesty's gratitude for the kind reception given by the Parisians to the Siamase brothers, Yang and Eng, who were a letter to their mothers, which was placed before his Mejesty of Siam.

that this exprious presant is a token for his Majesty's gratitude for the kind reception given by the Parisima to the Biashase brothers, Yang and Eng. who wrote a leuter to their mothers, which was pleased blocks his Majesty of Biam.

Aanis Bran.—The New York Times gives the following abstach of the circumstances which led to his favores from his wile, and to the presencession of black servinet for perjury:

"It is daid he became acquainted with Madams Jamel, then a light and lovely. Pasamun — The greatest fiddler in the world is thinner than ever. He is mow at his villa near Pasma, endeavoring to conz a little flesh upon his house. He has declared that all compositions which here hitherto appeared in foreign countries under his name are spanious, and that he has only published 34 capricci for the violin, 6 sonstimes for the violin, and guitar, 6 quartettes for the violin, guitar and visitincello. He miends soon to publish the whole of his works.

MY REPUBLIC. BACCHANALIAN BORG. All kings and kingly power I hate,

Since radical I've grown, a conjured up a hitle state, and all it all my own:

Light Conjugation of the confined, by mosto's liberty. Thin let us each a bumper fill.

No luxuries we here permit,
But plain and homely fare,
With wine that sparkles like our wit,
And thoughts as free as sir:
Freedom's the word, then let it pass.
Where all alike are free,
Our members e'en may go to mass,
So wille it liberty.

Nobles we hate and such our whim

Nobles we hate and such our whim
No succeptly we boast,
Anti grudge a title even to him
Who loughe and drinks the most;
Should one in public spirit sank,
Aspire to royalty,
Why then we make this Casar drunk,
And save our liberty. Let each his goblet fill, and drink

The welfare of the state;
But stay, a foe is near; I think
The danger may be great:
Yes, too well-founded our slarms,
Hor Liserte comes, and she
Will rele us with a "woman's charms,
So, farewell blerty.
