JOHN TYLER, FOR GOVERNOR

HENRY JOHNSON, FOR CONGRESS-FIRST DISTRICT. # Hon, EDWD. D. WHITE.
Third District.-JOHN MOORE.

LOUISIANA ELECTORAL TICKET. -WILLIAM DEBUYS, Now Orleans LŒUFROY BARRAS, Lafourche; JOSEPH BERNARD, East Boton Rouge; JACQUES DUPRE, St. Landry; SETH LEWIS, Rapides.

NEW-ORLEANS: SATURDAY MORNING, APRIL 11, 1810.

WHIO MEETING: ral meeting of the whige of the city and narish of Orleans, will be held on Saturday evening next, the 19th, at half-past 7 o'wlock, at the large dining room of the St. Charles Hotel, for the pura central Whig Committee.

P. S.—The dining room of the St. Charles ha been selected, because, since the destruction of the St. Louis Exchange, it is the most central room o sufficient expecity for so general an assemblage of th party as is auticipated.

HENRY JOHNSON.

In placing the name of HENRY Johnson at the head of our columns as the whig candidate for Gov ernor we but yield to the repeated and carnest solic tations of our political friends, both of the city and of the interior parishes. We have forborne to take this reace to the opinions of our friends. At the period of Governor Johnson's withdrawal from the gubernatorial canvam, in favor of Governor Roman, the impres sion was universal that he would be the whig cand date to succeed the present worthy incumbent. That impression has grown into a lively desire that such should be the case; and the numerous and urgent in treaties, both oral and by letter, that we should arpeople of Louisiana, have left us without an applegy for delaying that measure. Recently these indications have been more numer-

ous than formerly. Our country friends declare to us that the loco-focos are extracting piedges from white to support the pretensions of Mr. Motron, and that rediate announcement of the most popular can did to on the part of the whig, is absolutely necessary to give the State from falling into the arms of  $V_{AN}$  BUREN. "The pledges are easily obtained," say they, "whilst we have no name upon which to rally." We cannot close our eyes to these demonstrations, nor ship our ears to such repeated solicitation. Longeto resist them, would evince a neglect of our obliga-tions to the great reform party of Louisiana.

In HENRY JOHNSON the whigh have a candidate who has ever stuck by them through good and bad report, in their atmost extremity he was the stauge! the consitutional rights of the people; always firm To these claims of a political nature Governor John son's many virtues as a man endear him to the an creat population of the state, and his long experience and acknowledged ability have secured to him th
