

Item	Region	Patent No.	Issue Date	Title
1	Greece	20576	7 July 1964	<i>Collapsible Stadium Chair</i>
2	Greece	40176	28 May 1969	<i>Apparatus for decoding and display the identification of calling telephones device in the called one</i>
3	Greece	37541	19 June 1969	<i>Apparatus for decoding and display the identification of calling telephones device in the called one</i>
4	Greece	37733	27 June 1969	<i>Method of automatically transferring by electric pulses the identification of calling device and automatically display them in the called telephone side in automatic urban and long distance telephony.</i>
5	Greece	38280	16 October 1969	<i>Method of automatically transferring by electric pulses the identification of calling telephone device and automatically displays them in the called telephone side in automatic urban and long distance telephony</i>
6	Greece	39092	26 January 1970	<i>Method of automatically transferring by electric pulses the identification of calling device and automatically displays them in the called telephone side in automatic urban long distance telephony</i>
7	Greece	42452	8 September 1970	<i>Apparatus for decoding and display the identification of calling telephones device in the called one</i>
8	France	2.133.267	15 April 1971	<i>Procédé et appareil pour enregistrer le numéro du poste téléphonique dont un appel provient</i>
9	Japan	22983	17 May 1971	<i>Improved apparatus for generating and transmitting digital information</i>
10	Germany	2026426	19 May 1971	<i>Apparatus for decoding and display the identification of calling telephones device in the called one</i>
11	France	2.152.356	7 September 1971	<i>Pulse train generating and selection apparatus</i>
12	Greece	43263	10 September 1971	<i>Method of automatically transferring by electric pulses the identification of calling device and automatically displays them in the called telephone side in automatic urban and long distance telephony</i>
13	Greece	43999	10 February 1972	<i>Apparatus and method for automatically display the identification of calling telephone device in the called one</i>
14	South Africa	71/3894	3 May 1972	<i>Improved Apparatus for generating and transmitting of digital information</i>
15	Greece	45068	15 June 1972	<i>Method of automatically dispatching emergencies by...</i>
16	Italy	935035	1 December 1972	<i>Apparatus perfezionato per generare e trasmettere informazioni numerche</i>
17	US	3727003	10 April 1973	<i>Decoding and Display Apparatus for Groups of Pulse Trains</i>
18	Canada	938363	11 December 1973	<i>Decoding and Display Apparatus</i>
19	France	7132207	4 January 1974	<i>Appareil perfectionné de production et de transmission d'information numérique</i>
20	US	3812296	21 May 1974	<i>Apparatus for generating and transmitting digital information</i>
21	US	3842208	15 October 1974	<i>Sensor Monitoring Device</i>
22	Great Britain	1362411	4 December 1974	<i>Apparatus for decoding and display of digital information</i>
23	Great Britain	1362412	4 December 1974	<i>Pulse train generating and selection apparatus</i>
24	Greece	45068	25 April 1975	<i>Sensor monitoring device</i>

25	Australia	458841	24 July 1975	<i>Telephone system</i>
26	Greece	62097	12 January 1979	<i>Solar Fan</i>
27	Greece	62100	12 January 1979	<i>Spare Gas</i>
28	Europe	EP0013982	23 January 1980	<i>Method and apparatus for remote sensor monitoring, metering and control</i>
29	US	4241237	23 December 1980	<i>Apparatus and method for remote sensor monitoring, metering and control</i>
30	Canada	1155243	10 November 1983	<i>Apparatus and method for remote sensor monitoring, metering and control</i>
31	US	4455453	19 January 1984	<i>Apparatus and method for remote sensor monitoring, metering and control</i>
32	Germany	3066039	9 February 1984	<i>Apparatus and method for remote sensor monitoring, metering and control</i>
33	US	4623145	18 November 1986	<i>Archery / Practice Device and Attachments therefor</i>
34	US	4708341	24 November 1987	<i>Archery / Practice Device and Attachments therefor</i>
35	US	4858743	22 August 1989	<i>Vending Machine and method for automatic vending and returning of merchandise, particularly videocassette tapes</i>
36	Greece	1001948	27 September 1993	<i>Computerized storage and retrieval apparatus for large articles</i>
37	Greece	970100415	3 July 1999	<i>VIZORHOLD device of holding a mobile phone to a car sunvisor</i>
38	Greece	1003626	31 March 2000	<i>Intelligent Currency Validation Network</i>
39	Greece	2002010051 2	26 November 2002	<i>PARARM Vertically Raised Additional Armrest</i>
40	Greece	1004852	12 April 2005	<i>Method-apparatus for metering of liquid for protection of uncontrollable leak (WATERFUSE)</i>
41	Greece	1004981	9 September 2005	<i>Remote management of products and services</i>
42	US	7,006,664	28 February 2006	<i>Intelligent Currency Validation Network</i>
43	US	7,454,049	18 November 2008	<i>System and Method for Intelligent Currency Validation</i>
44	Canada	2,304,281	23 December 2008	<i>Intelligent Currency Validation Network</i>
45	US	7,567,698	28 July 2009	<i>Device and Method for Preventing Counterfeiting Using a Currency Serial Number Reader</i>
46	US	7806132	10 May 2010	<i>Method and Device for Tapping a Pipeline</i>
47	US	7,724,938	25 May 2010	<i>System and Method for Intelligent Currency Validation</i>
48	Indonesia	IDP0026351	11 August 2010	<i>System and Method for Intelligent Currency Validation</i>
49	Mexico	279604	1 October 2010	<i>System and Method for Intelligent Currency Validation</i>
50	US	7940901	10 May 2011	<i>Remote Management of Products and Services</i>
51	Japan	5081811	7 September 2012	<i>System and Method for Intelligent Currency Validation</i>
52	Australia	2006240074	18 October 2012	<i>System and Method for Intelligent Currency Validation</i>
