Wikimania

From Wikipedia, the free encyclopedia

Wikimania is a conference for users of the [wiki](#) projects operated by the [Wikimedia Foundation](#). The first conference was held in [Frankfurt, Germany](#), August 4–8, 2005. [Wikimania 2006](#) is planned for August 4–6, 2006, at [Boston](#) in the United States. Researchers and speakers presented studies and experiments on [Wikipedia](#) and other projects operated by the Wikimedia Foundation, on wiki culture and technology, and on the world of free knowledge. The program included presentations, workshops, and tutorials to give an overview of the current state of research on wikis and free knowledge projects.
